

P3/4 Home Learning Plan WB: 11th May

Literacy	Maths/Numeracy	Health and Wellbeing	Other Areas
Access your words on Spelling City and play at least one game every day.	Complete the tasks set for you on StudyLadder	Physical: Do a different exercise to the chorus of three of your favourite songs. Rest during the verses.	Have a go at the tasks set for you on Education City.
Spelling and Phonics: Try to think of some clues for your spelling words and make up a wordsearch for someone else to solve.	Number Processes: Play the “Daily 10” on TopMarks and write your working in your jotter. P3 – Level 2, Division, try dividing by 2, 5 and 10 P4 – Level 3, Division, try dividing by 3, 4 and 5	Physical: Access Glenn Higgins Fitness – Harry Potter “Enchanted Spells” Kids Workout on Youtube. https://www.youtube.com/watch?v=fu-ZCwMrvKc	German: Access www.german-games.net and play a few games to practise your German
Spelling and Phonics: Write a definition for each of your words	Number Processes: Play Hit the Button on TopMarks and practise dividing by 2, 5 and 10. If you want to challenge yourself you can try to divide by more tricky numbers!	Physical: Use some healthy foods in your house, such as fruits and vegetables, to create a funny face or a kebab! You could post a picture on Twitter or Teams.	Art: Search for ArtHub for Kids on Youtube and choose something to learn to draw.
Reading: Choose a story on www.freechildrenstories.com and create your own front cover for the story. Can you create 3 of your own questions about the story?	Measurement: Choose 10 items in your house to measure with a measuring tape or ruler. Estimate the length of the object in cm and measure it to see if you were correct!	Mental and Emotional: Design your own mindfulness colouring pattern or mandala. You could colour it in or leave it blank for someone else in your house to colour	Technology: Design your own spaceship. Draw and label it to show all of its special features.
Writing: Have a go at making your own healthy snack. Write instructions about how to make your snack. Remember to include the ingredients and equipment you need, and use instructional language throughout.	Measurement: I have uploaded a measurement sheet on Microsoft Teams. You can complete the worksheet if you have a printer or simply write the answers in your jotter. I also uploaded a Bake Off Sheet you could complete if you manage to do any home baking with your family!	Mental and Emotional: Video call a family member or friend whom you haven’t seen for a while and tell them all about what you have been learning. You could even play a game like Eye Spy!	Music: Try to write a song or a rap about your home learning experience so far. Include some of the school tasks you have been doing and some fun activities you have done with your family.
