KILSYTH ACADEMY

Welcome to the Kilsyth Academy Yearbook 2009!

We are delighted to publish this, our first all-colour yearbook, and I am sure you will agree that it has certainly maintained the superb quality of its predecessors. Filled with high quality photographs and witty observations, the yearbook team has captured many of the highlights and important events of yet another busy session.

The yearbook confirms the wide range of curricular and extra-curricular opportunities that are available to pupils in Kilsyth Academy and which provide our young people with an outstanding educational experience.

My congratulations go to the seniors in the yearbook team, whose hard work has produced this wonderful pictorial record of the past year. Their commitment, energy and good humour, even in the face of demanding deadlines, have been the hallmarks of a splendid effort.

Now look at the photographs, read the reflections and relive the experiences of 2008/09. Enjoy!

Public Speaking

As always, our annual Public Speaking Contest was a great success. There was a terrific mixture of serious, amusing and somewhat bizarre topics being discussed, with some excellent quality on show. All our speakers caught the eye of the judges, making their decision an extremely difficult one. Kirsty Morrison was our Senior Winner, with Laura Nesbitt 2nd and Allan Sullivan 3rd. Our S3 Winner was Jack Chalmers with Zak Dyer and Ailidh Henderson runners up. Andrew Airlie was Junior Champion, closely followed by Matthew Muir and Callum Dickson. Congratulations to everyone!

CRAZY DAY SHOW

This year's crazy day show was a huge success. All acts put on a great performance, despite the technical hitch during the magic dance. This year's winners were "Westlife" and "The Candy Man Dance". Well done to everyone who participated and made this year's show one of the best.

ITALY SKI TRIP!

Once again, Mr. Dougan decided to pack his mittens and head off to Italy with an unsuspecting handful of KA's pupils who made the locals hang their heads in shame. The fun filled week of skiing brought laughs, blizzards and terrifying slopes and this year the skiing conditions were at their best, allowing the beginners to show off their ploughing skills. Meanwhile the "Jean-Claude Killy" A.K.A Fraser Houston tested the safety netting, which earned him the prestigious prize, "Donkey of the Day." The trip brought the usual banter; the fun and games night, karaoke, and the dreaded homework night. Overall the trip was a huge success, enjoyed by everyone!

School of Ambition

After being given the title of a "School of Ambition", Kilsyth Academy has received extra funding that has helped change the lives and educational experiences of pupils by using arts and creativity to engage and motivate the school community. At the end of April, the school held an event to show just how big an impact this extra funding has had on activities within the school.

The yearbook is finally finished and for the first time in months we can actually relax. The deadline dates seemed to come in far too quickly this year, and for a while it looked like the Academy would be without a yearbook for the first time ever. After lots of hard work and effort we eventually pulled it off to present you with one of the best yearbooks to date - even if we do say so ourselves! So, for next year's Yearbook Team, all we have to say is GOOD LUCK- you will definitely need it!

Thanks to...

Mr MacRae - for generally being an all round helper, helping take photographs, proof-reading our pages and generally just keeping us company on our many Tuesday nights spent in the technical rooms.

Miss Reilly - for organising the business side of things and most importantly providing us with an unlimited supply of chocolate bars.

The Technical boys - for putting up with us continuously invading their rooms and giving us advice when the computers just were not working for us.

We couldn't have done it without you!
