*From the Captain...*

Well, what a year it's been at the legendary KA - sixth year really has been one of the best at the Academy! It has been great working with the amazing and talented vice-captains and prefects, without which we couldn't have had such a successful year. Despite all the stress and crazy deadlines, we finally made it to the end and I'd just like to thank everyone for filling our last year with such unforgettable memories and timeless banter. Till the next time, peace and love.

*Marcus*

# S1 HEALTH DAY

In September, we decided that our little monkeys weren't healthy enough so we decided to give them a Health Day. They got to experience healthy cooking, sporting activities and ways in which they could improve their lifestyle to make it more healthy.

What on earth are you doing Michael?

Shocker or what, Katie?

Come on Buchanan!

# Manchester Trip

On the 3rd of April 2011, 44 pupils and 4 members of staff travelled down to the City of Manchester Stadium to watch Manchester City play Sunderland in an English Premier League game. The game did not disappoint and was action packed from first to last minute with 5 excellent goals scored by Manchester City. The boys and girls thoroughly enjoyed the trip and saw some of the best players in the world. Mr Urquhart is hoping that this will teach the 3rd year football team a few tips on how to actually score goals!

At KA, there is only one place most pupils flock to after escaping from classes - the café. Whether they are fighting over the very last roll and sausage, or just having a banter, the café is the most popular place to be. # Italy Ski Trip 2011

On a snowy January morning, 39 pupils and 4 staff set off on the annual ski trip to Val di Fiemme. As this was Mr Dougan's last ski trip, he made the bus journey extra enjoyable as he knew that after retirement, the free public transport wouldn't be as much fun! The trip was enjoyed by all and was described by Mr Dougan himself as "one of the best ever". A special thank you to Morv for saving Liam in WHSmith and Destiny for an enjoyable games night!

**Aries** - 2011 is going up to be a very exciting year for you. Aries have struggled in the past few years on many levels but 2011 shows the opportunity for much of that effort to finally pay off.

**Taurus** - Stubborn but patient, Taurus is always willing to weather a storm but in 2011 this quality will help you during the rockier parts of the year to come

**Gemini** - A sign known for always changing its mind, Gemini will have little to debate about next year as 2011 looks to be pretty clear cut.

**Cancer** - This is an exciting time to be a Cancer! 2011 will bring an interest in learning, new creativity and grabbing everything life has to offer.

**Leo** - There will be a lot to be proud of in 2011. Take the time to balance your life. It can't be all about you all the time...even though you will have a lot going for you.

**Libra** - As a Libra, stability and balance is very important. 2011 will be a great year for Libras because it brings much of the same. This will inspire Libra to branch out and try some new things!

**Virgo** - Stability is always good for a Virgo. Everything will be easy, simple and exactly what you're looking for.

**Scorpio** - In 2011, you will have little reason for finding anything but pleasure out of life. You are determined to have things go your way. If it doesn't, you will smile on the outside and fume on the inside.

**Sagittarius** - 2011 is looking bright for Sagittarius! Even though there will be some ups and downs, the general positive attitude of the moon will keep everything looking bright.

**Capricorn** - Independence is the name of the game. You know what you want and have little patience waiting for others to give you permission to go get it. 2011 will be a nice rest from struggle.

**Aquarius** - The Aquarian is known as a likable, friendly character that others admire. One of the traits that draws others to you for advice is your honesty. Plus, you'd never break a promise.

**Pisces** - In 2011, there will be major success during early part of the year. The latter part of 2011 will require the effort and energy that got you to this place to begin with, but all will be ok.
