

ROOM 11 PRIMARY 3/4

PRIMARY 3/4

CLASS NEWSLETTER

Issue 1 - SEP 2020 Session 2020/21

Summary since August

Primary 3/4 has settled in well since August. We have all enjoyed spending time getting to know each other and making new friendships.

We have also did really well in learning about the new routines and rules within our class and our school. We have tried really hard to remember all of these and make sure we are doing the correct things to keep ourselves and others safe. We have also been super at remembering to wash our hands and stay in zones!

We have been learning all about kindness and being nice to each other. I'm very impressed to say that the boys and girls have managed to show their knowledge of this by behaving well in the playground and helping each other out. Hopefully we keep this up!

Summary Continued...

After such a long time off school, we have been consolidating our learning in literacy, numeracy and health and wellbeing. I have been modelling some tasks for the pupils too. In literacy we have revised capital letters, full stops, answering questions and poetry.

In numeracy, we have been revising place value, number patterns, addition, subtraction and symmetry.

In health and wellbeing we have been focusing mainly on learning about having a growth mindset. We have been introduced to our growth mindset friends – Determined Dexter, Helpful Sparks, Flexible Flo, Curious Ash and Brave Ash. We are working on trying to build our emotion vocabulary. We have enjoyed getting some fresh air in our outdoor PE sessions.

Meet the teacher

I am Miss Marshall and I love being a teacher at Mossend Primary. It has been a pleasure to teach and get to know my new pupils, already. I enjoy walking, and being outdoors. I also enjoy writing and making lists so that I don't forget things! I look forward to us doing lots of fun things this year! I'm very excited about the pupils adapting a "practice makes progress" attitude towards learning.

Where Stars Shine Brighter

What we are learning next

In literacy, we will be moving on to explanation and instructional writing, looking at writing in paragraphs and using speech marks. We will continue to make sure we use our loud and clear voices when reading.

In numeracy, we will be moving on to consolidate the concepts we have looked at. We will be adding to our learning of multiplication and division. We will also be learning about angles, directions and word problems. Let's get our problem solving hats on!

In health and wellbeing, we will be continuing to look at growth mindset and getting to know our characters more. We will be focusing on trying our very best! We will also explore what triggers us to feel a certain way. We have recently introduced Class Dojo points and will be working hard to earn them!

You can contact your child's teacher directly by emailing enquiries@mossend.n-lanark.sch.uk. Please mark it for their attention and allow a few days for replies during normal school hours

Other class specific information (PE Days, Glow Information etc)

PE – as already communicated PE days are Monday and Tuesday. Thank you to all of you for remembering about appropriate PE kit.

Homework & Digital Technology – going forward homework will be communicated through Glow weekly. We will also make use of other websites for example Sumdog, Studyladder, Topmarks and IDL. Remember to keep a look out on our Mossend app for updates.

Class Achievements

Well done to **Amylouise**, **Lacey** and **Marley** for winning our weekly certificates. Room 11 are very proud of you for your efforts.

A huge thank you to the pupils who have made a huge effort to sign on to Microsoft Teams and engage with our digital learning. Let's see if those of you who haven't signed on yet, can pop on and say hello.

Well done to **Caleb** who managed to bag himself a medal for scoring at football! Keep up the great work! Please remember to remind us of your achievements out with school, too. We would love to celebrate your success.
