

### Part A: Words

- A1** Name at least two organisations that have asked Prime Minister Boris Johnson to “urgently commit the UK to a green economic recovery plan to lead the world and turn the tide on climate change”?
- A2** Why is Stormzy in the news?
- A3** What have scientists made flexible feet for robots with, and why?
- A4** Why is the “stereotype” image of a shark’s dorsal fin above the surface as it hunts “probably not a very accurate picture”, according to Richard Grainger from the University of Sydney?
- A5** What is a small business in Uganda, which usually recycles plastic waste into building materials, now turning it into?
- A6** Which building has been lit up in green to mark the third anniversary of the devastating fire that killed 72 people?
- A7** Which drug, normally used to help with heartburn, is being trialled in relation to COVID-19, after it was found to help some people recover faster from coronavirus?
- A8** Give two reasons why more than 36,000 Syrian refugees living in the Azraq refugee camp are especially at risk from dying of COVID-19?
- A9** A sensor has been developed by a Scottish company to help with social distancing in offices – how does it work?
- A10** Who is the spiritual leader of Tibet, and how is he celebrating his 85th birthday?

### Part B: Pictures What news do these pictures tell us?

### Part C: Person

Who is this person, and why is she in the news this week?

### Part D: Object

What are these objects, and why are they in the news?

### Part E: Place

Where in the world did a rubbish bin, thrown off Worthing Pier, in southeast England, finally wash up?

### Part F: Statistics What news do these numbers tell us this week?

<b>F1</b> 32	<b>F2</b> A £6.4 billion loss
<b>F3</b> On 10 June, 1752	<b>F4</b> 80% of children with disabilities
<b>F5</b> 500 train carriages	<b>F6</b> 250m
