

Work as a group.

1 You are going to carry out a survey of your class to find out who has a pet **and** what kind of pet they have.

(a) Which of these questionnaires would be better to use? Explain.

Pet	Number of pets	Total
Goldfish	1	
Rabbit		
Hamster		

Dog	Cat	Gerbil
Jake Alan	Mina Robbie(2)	Emma (3) Rosie
Total <input type="checkbox"/>	Total <input type="checkbox"/>	Total <input type="checkbox"/>

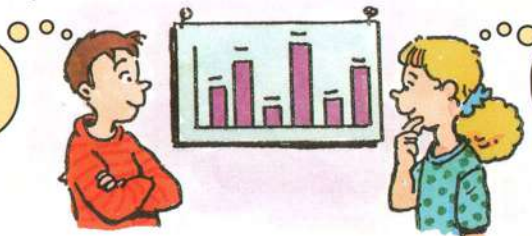

(b) Carry out the survey using the questionnaire you think is better.

(c) Draw a graph to show your results.

(d) Write a short report about what you have found.

Go To Answer Page

The most popular pet was...

More girls than boys owned a...

2 (a) Design your own questionnaire and carry out a survey to find which one of these 'impossible pets' each child in your class would choose to have.

(b) Make a display of your results.

(c) Write a short report about what you have found.
