## **X (FORMALLY KNOWN AS TWITTER)**

Dear families,

As was shared last session, we have decided to change our approach regarding our use of X (formally known as Twitter). Each teacher now has a separate account where they will share content. For families, we ask that you follow your child's teacher and our main account, **@NethertonPS**

In order to maximise our use, we will retweet or share posts made by teachers on our main account. Our account, along with the new teacher accounts, will remain private. Therefore, you will only be able to view content for the teachers you follow or anything that is posted by the main @NethertonPS account.

Details of each teacher's X account are below. Please note, teachers will only accept requests from accounts which match contact details we hold for your child (E.g. – same name as a parental contact) If we have any requests we cannot immediately confirm, we will not approve this. If your request to follow has not been approved, please contact the office so we can discuss this with you. We encourage you to reply and like posts but please note, teachers will not respond to direct messages. Please continue to phone or email the school office.

We will continue to review accounts which follow our main account and will be removing accounts for families which have left the school or whom we cannot confirm match to contact details we hold. If you feel you have been removed in error, please request to follow us again and contact our school office so we can confirm your details.

If you have any questions about this, please get in touch.
