Dear Parent/Carer

RE: Nursery Online Learning

As you know we will be moving to online learning from Monday 11 January 2021. If your nursery child would like to take part in online learning then please see below:

Nursery online learning plan

- Access online activities daily (if you wish) on Microsoft Teams using your child's GLOW login details
- Engage and participate in activities (if you wish)
- Upload completed tasks (if you wish)
- Engage in weekly live check in sessions with staff

Live check-in sessions will be available weekly and nursery staff would be delighted to hear how you are all getting on during these times. At New Monkland Nursery we believe in community spirit and it is important now more than ever to check in with one another in the form of a simple chat – we really miss having our usual daily interactions with our children and feel a live check-in session would be a consistent approach to supporting you and your child's wellbeing during these difficult times. If you are unsure about participating in online learning, then we would recommend you visit your local woodlands or go on a daily walk around your local community as spending time outdoors is a great way to relax with your children – who knows what exciting opportunities you may find on your travels.

During our online learning period we will be exploring a variety of learning concepts such as feelings, emotions, climate change, measure, writing, Scotland, sorting, matching and how to be a responsible individual.

Please contact Mr. Cairns during the hours of 9am – 3pm (Mon –Fri) cairns@newmonkland.n-lanark.sch.uk should you have any questions regarding online learning or if you feel further support is required. We look forward to seeing our children at our weekly check in sessions.

Please stay safe and well and take care

Mrs M Reid
