

1. TEAMS

Some of the PowerPoints that have been added to the assignments by staff include voiceovers. These voiceovers explain the task further, explain how much of the task your child has to do and the different strategies that your child could use. When accessing the PowerPoints could you make sure you play them as a slideshow and this will allow you to hear the voiceover and any instructions that have been included.

2. ASSIGNMENTS

Handing in Work - When submitting work within assignments, please remember to attach the piece of work using the paper clip icon and then click the "Hand In" button at the top right hand corner, to ensure that the piece of work is submitted to the class teacher to view for feedback.

Announcements - Please remember to read all of the information within any announcements made by the class teacher on the main channel, as these may contain important pieces of information.

3. ATTENDANCE THIS WEEK

Our attendance continues to be excellent across all classes and we are sitting at 95% which is outstanding again for this week. If your child has not engaged this week then their class teacher will give you a check in call to see if there is anything we can do to help you and your child engage with online learning.

4. FINAL THOUGHTS

Thanks so much for all you are doing we as a staff really do appreciate it! The children have been incredible and their resilience during all the challenges we face is admirable and they are a credit to you all! Please do what you can and when you can, remember there is no right or wrong way to do this, you don't need to do everything and the staff will continue to do their best to support in whatever way they can. Let's keep being 'brave' and let's keep climbing that hill to a better place where we are all together again:

"For there is always light;
if only we're brave enough to see it,
If only we're brave enough to be it!"

Amanda German
