# IT'S ALL ABOUT THE EXPERIENCE!

We want our children and young people to fully appreciate the world around them. To look up and appreciate a blue sky, dark cloud or the falling rain. We live in a beautiful part of Scotland but many of us are not even aware of the wealth of woodland, plants and wildlife just outside our own door.

North Lanarkshire Council is delighted to offer your school an exciting adventure experience at one of our Country Parks from August 2020 to October 2020 for a five-day activity programme.

We offer exciting opportunities for children and young people to enjoy a first-hand outdoor experience with fun-packed activities in Strathclyde Country Park or within our urban school green spaces that fit the education curriculum.

All the bespoke programmes provide pupils with opportunities to participate in challenging activities that encourage them to become healthy, resilient, confident and responsible people.

Participating in outdoor activities also improves the health and wellbeing of young people and encourages them to work as a team, learn new skills and really feel part of the action in an outdoor setting.

All schools will be supported by a team of Active Schools Coordinators across North Lanarkshire to develop skills and activities.

School trips will be over a five-day programme and the achievements of all pupils participating will be recognised and celebrated throughout the week.

Find out more about what's on offer so our children and young people can enjoy an experience to remember.

# Our Country Parks Offer

Pupils will choose a variety of activities each day from the list below:

- **Bushcraft - Den building, fire lighting, toasting marshmallows, use of Kelly kettles to make hot chocolate, setting up hammocks and tarps.**
- **Bikeability - Certificated programme**
- **Fun Boats**
- **Orienteering - A star course and a cross-country circuit.**
- **Adventure walk - a walk but who knows what we will find on the route.**

**A high-quality outdoor learning experience develops resilience, confidence, team-building, an appreciation for nature and the outdoors and significant physical and mental health benefits.**

## **Cost for pupils to attend outdoor programme at Strathclyde Park**

- **5 day outdoor learning weekly cost includes all activities led by qualified instructors.**
- **30 pupils = £2,250 for 1 week  
Cost £75 per pupil, per week**
- **60 pupils = £3,960 for 1 week  
Cost £66 per pupil, per week**
