Dear Parent/Carer,

**Re: STEM in the Park 2026**

On **Tuesday 21<sup>st</sup> May 2026**, pupils in our Primary 7 class have been invited to take part in STEM in the Park. This event will be held in Hamilton Palace Sports and Recreation Grounds, between the hours of 10am and 2pm. Transport to and from the event will be covered by the school at no cost to families.

The event takes learning out of the classroom and into an environment that encourages curiosity, teamwork and problem solving. At the event, children will be able to take part in various activities, such as Drones, Sports, Coaching, Vex Robotics, Cobots, Animation, Programming, Crime-solving and many more fun activities.

As this event takes place across the children's regular scheduled break and lunch time, we would ask that children come to school on that day with a snack and packed lunch. We would also ask that children dress appropriately for the weather, wearing their uniform and their leaver's hoodie/school jumper on their top half.

Kind Regards

**Head Teacher**
