Dear Parents/Carers

Covid Update

As you will be aware, the arrangements have been changed for self-isolation. The guidance states:

- All household members of ANY covid positive case should isolate for 10 days, regardless of negative PCRS, vaccination status, age, etc.
- All non-household contacts (excluding children at school or nursery) of ANY covid positive case should seek a PCR, and if doubly vaccinated (or aged under 18), are asymptomatic and return a negative PCR, can come out of isolation.
- Early Years, Primary and Secondary settings: School contacts – children should only identify as close contacts in particular circumstances where there is concern around very close, prolonged contact.

To keep everyone safe, we ask that our parents/carers continue to...

- Wear a face covering around the school grounds.
- Keep a safe distance from staff and other adults/households.
- Stick to your drop off and collection times.
- Leave the gate clear as soon as you drop off, there are adults in the playground to supervise the children.
