## Message from the Head Teacher

Dear Parent/Carers,

It is another busy month at Noble Primary School, so please take time to read through our March newsletter. Many exciting events are coming up over the next few weeks including class assemblies and showcase events. The children continue to work hard in class and show commitment to demonstrating our school values and our Rights Group are working hard having recently planned World Book Day activities for everyone.

We are planning all the summer excursions at the moment and a huge thank you to families for supporting the fundraising Danceathon, so far, we have raised £1146.00. This will go a long way to reducing the costs of outings and other school activities. We are also very grateful to the Parent Council who have also donated £400 towards the costs of outings too.

We are starting to see some nicer weather hopefully, and we are delighted our Outdoor classroom is finally ready for use 😊 All classes have weekly slots to use the classroom for learning activities and we look forward to sharing our activities with you through "X". Keep an eye out! We are also delighted that through the hard work of the Pupil Council we finally have our playground games in use. The children are loving it!!

I would remind families, children should be wearing school uniform unless a PE day, it is important we share our school identity with each other, and it looks so smart. If you have pre-loved uniform items, we will gratefully accept things and share it with families at our events etc.

Best Wishes for a lovely Spring break when it comes,

Mrs S Brown

Acting Head Teacher

# March: Right of the Month

## UNCRC Article 28

I have the right to an education

Governments should make sure children can get an education without it costing their family money.

Schools should respect my dignity.

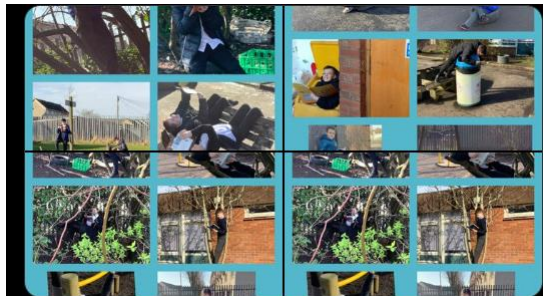

Children should be able to stay in secondary education as long as they want.

Article 28 of the UNCRC says that children and young people have the right to education no matter who they are: regardless of race, gender or disability; if they're in detention, or if they're a refugee.

Children and young people have the right to both primary and secondary education and should be able to choose different subjects when in secondary school. This should include the option of technical and vocational training, so they shouldn't have to focus on academic subjects if they don't want to.
