Composite Classes

Schools have a maximum class size capacity. Composite classes are formed when numbers exceed this capacity. The maximum number of pupils in composite class is 25. When creating composite classes, a variety of information is taken into account including age, working groups etc. Teaching staff are trained to ensure that pupils, regardless of the class they are in are working on a programme appropriate to their age and stage of development.

7. Equal Opportunities

At Noble Primary School, we are fully committed to eliminating all forms of discrimination including age, disability, gender, race, religion or belief, sexual orientation, we are committed to the promotion of equality of opportunity and good relations. All staff are responsible for implementing the school's Equality and Diversity Policy which is available to parents on request. The school is committed to ensuring its policies and practices do not impact adversely on any particular group(s) of people and opportunities to promote equality are actively pursued. Implementation of the Education and Families Equality Policy including The Equality and Human Rights Commission's Technical Guidance for Schools in Scotland is the essential guide for the school community to promote equality. This can be accessed at <https://www.equalityhumanrights.com/en/publication-download/technical-guidance-schools-scotland>

8. Curriculum for Excellence

Curriculum for Excellence is Scotland's national curriculum. It provides a coherent and inclusive curriculum from 3-18 years wherever learning is taking place, including early learning childhood centres, schools, colleges, and community learning. It places children and young people at the heart of Scottish Education.

The purpose of Curriculum for Excellence is encapsulated in the four capacities - to enable each child or young person to be

- a successful learner,
- a confident individual,
- a responsible citizen and
- an effective contributor.

These four capacities govern the entire curriculum from age 3 to 18 and aim to raise the standards of achievement for all learners.

Curriculum for Excellence is underpinned by the values inscribed on the mace of the Scottish Parliament - wisdom, justice, compassion and integrity. Throughout Curriculum for Excellence, there is a strong focus on Literacy, Numeracy and Health and Wellbeing across all aspects of learning and every teacher will support learners with the development of these, including digital literacy skills.

Curriculum for Excellence is defined as:

'The totality of all that is planned for children and young people throughout their education'.

The opportunities for learning and teaching are governed by the Four Contexts for Learning, which ensure that the education your child receives is informative, interesting, relevant and fun.

These contexts are:

- Ethos and life of the school as a community
- Curriculum areas and subjects
- Interdisciplinary learning
- Opportunities for personal achievement.

What are the Curriculum for Excellence levels?

There are five levels and these are flexible depending on pupils' needs and abilities (some children and young people may achieve these levels earlier or later dependent on ability):

- Early level pre-school to P1
- First level to the end of P4
- Second level to the end of P7
- Third and fourth levels S1 to S3
- Senior phase S4 to S6 and other forms of study.

What is the Broad General Education?

The Broad General Education (BGE) is the first phase of two closely connected phases of education. The BGE phase stretches from age 3 until the end of S3 after which learners move into the Senior Phase which starts in S4.

Curriculum Areas and Subjects

The BGE is delivered through 8 curricular areas which, in secondary school cover years S1 to S3, and may be subdivided further into individual subjects.

The 8 curricular areas are:

- Expressive Arts
- Languages and Literacy
- Health and Well Being
- Mathematics and Numeracy
- Religious and Moral Education
- Sciences
- Social Studies
- Technologies.

Relationships, Sexual Health and Wellbeing

We follow local and national policy to provide a quality education relating to relationships, sexual health and wellbeing. We follow national guidance from www.rshp.scot where parents and carers have access to some of the resources, we use to support teaching and learning. Our programme is age and stage appropriate and is an important part of children's preparation for adult life. Our programme covers the following themes:

P1 to P3

- Awareness of the way babies grow and change.
- Uniqueness of their body.
- Where living things come from.
- Family and special people who care for them.
- Dealing with feelings.
- Feeling safe.

P4 – P5

- Exploring changes in the body.
- How human life begins.
- Being part of a family.
- Dealing with feelings and difficult situations.
- Menstruation (P5)

P6 – 7

- Physical and emotional changes at puberty.
- Body image and self-worth.
- Understanding their own sexuality.
- Developing awareness of gender.
- Changing relationships.
- Menstruation, pregnancy and birth.

There are opportunities for parents to view some of the materials on request.

Assessment and Reporting

Assessment is an important part of the Curriculum for Excellence and, at all levels, pupils' progress is closely monitored by teachers and staff.

In turn, teachers and staff work with pupils to reflect on their results, looking at their strengths and learning needs, agreeing next steps and action based on these. As they progress, pupils become more involved in this process, as they develop the skills to make effective judgments on their own learning, developing personal expertise that will be important to them throughout life. Assessment also helps teachers plan learning experiences which are motivating and challenging. Children who may have additional support needs will be assessed using methods best suited to their individual requirements.

Assessment, recording and reporting on pupils' progress is ongoing within each session, to help teachers ensure that effective learning takes place.

Methods of assessment include:

- ⊕ Teacher observation
- ⊕ Written and oral tests
- ⊕ Practical assessment
- ⊕ Formative and summative assessment

We encourage children to self-assess their own work and to discuss their learning, progress and next steps. Children also have opportunities to peer assess using agreed success criteria.

Throughout the year, there are regular opportunities for parents to find out about children's learning, progress and achievements through class assemblies, showcases, jotters going home and class and school newsletters. This programme usually looks like this:

Open Hour	September, November, February
Parent/Teacher Meetings	October and May
Written Progress Report	April

9. Additional Support Needs

Noble Primary School complies with the Additional Support for Learning (Scotland) Act 2004 as amended by the Additional Support for Learning (Scotland) Act 2009 and the Additional Support for Learning: Statutory Guidance 2017

The term additional support needs refers to any child who, for whatever reason, requires additional support for learning. These support needs can arise from any factor, which causes a barrier to learning. Children who require additional support for a variety of reasons may include those who:

- Have motor or sensory impairments
- Are experiencing bullying behaviour
- Are particularly able or talented
- Have experienced a bereavement
- Have a learning difficulty
- Are living with parents who are misusing substances
- Are living with parents who have mental health problems
- Have English as an additional language
- Are not attending school regularly
- Have emotional or social difficulties
- Are on the child protection register
- Are young carers.

Care experienced children i.e. children who are cared for directly or whose care is supervised by the local authority are deemed to have additional support needs unless assessment determines otherwise.

Implementation

Many children at some time during their education experience the need for additional support, this support can be short or long term. However, as each child is being taught to develop at his/her own rate, any additional needs should be quickly recognised, and the necessary support given following North Lanarkshire Council's Getting it Right for Me pathway. We offer universal, additional, and intensive support, liaising with other partners and agencies as appropriate.

Mrs Margaret Bruce, Principal Teacher is the Additional Support for Learning Co-ordinator at Noble Primary School. Parents and young people can request an assessment to establish whether a child or young person has additional needs or requires a Co-ordinated Support Plan. Parents and pupils are an essential part of the assessment, planning and review processes and your views will be actively sought.

Getting it Right for Me plans (GIRFMe)

Getting it Right for Me enables staff to plan effectively for children and young people when interventions are required to support their learning and improve outcomes. Parents/carers and pupils are an essential part of the assessment; planning and review processes and their views will be actively sought.

Some children and young people may require significant support from education and at least one other agency, such as health, social work and/or voluntary agency to help them meet their learning targets. Where this support requires a high level or co-ordination the opening of a Co-ordinated Support Plan (CSP) may be considered. The school or another agency may initiate a CSP. Parents/carers and young people can, if they wish, request that a CSP be considered and would be involved in the process.

Parents/carers will receive letters from the Education Authority throughout the CSP process.

Parents/carers and young people will be invited to take part in multiagency meetings and their views will be recorded in the plan.

Where more intensive support for a child or young person needs to be planned for, usually when a number of agencies are involved in supporting their wellbeing then a Child's Plan may be developed. The plan will tell you what actions need to be taken and who will help with each action. It will usually be someone called a 'Lead Professional' who will have the job of making sure that the actions outlined in the plan take place and things get better for the child or young person.

Dispute Resolution

North Lanarkshire Council is committed to resolving any differences of views through discussion, dialogue and building on common ground.

If the matter cannot be resolved with the Education Authority, you have the right to request mediation. An independent mediation service is available to parents/carers and young people through Resolve (see contact details at the back of this handbook). Mediation is free through Resolve and independent of the Education Authority.

In the event that a disagreement cannot be resolved through mediation, then an application for Independent Adjudication (see contact details at the back of this handbook) can be made by parents/carers free of charge. The Independent Adjudicator will make recommendations to the Education Authority about how the dispute should be resolved.

The Additional Support Needs Tribunal has been set up to hear appeals made by parents/carers or young people on the decisions made by the Education Authority relating to Co-ordinated Support Plans, ASN placing requests and post school transition. If you disagree with any decision relating to your child's Co-ordinated Support Plan, either the creation of a CSP, or the content of it, you may be entitled to refer to the Tribunal.

To support your child or young person's access to appropriate education and meet our legal obligations, personal information may be shared internally between Services of the Council. From time to time, education staff may also need to share information about you, your child or young person with another person from another agency or service, e.g. Social Work, Health.

Transferring Educational Data About Pupils

Education authorities and the Scottish Government

Education Portfolio (SGEP) exchange data about pupils either on paper or electronically through the ScotXed programme.

The data collected and transferred covers areas such as date of birth, postcode, registration for free-school meals, whether a pupil is looked after by his/her local authority, additional support needs including disability, attendance, absence and exclusions from school. Pupil names and addresses are collected by the school and the council but they are not passed to SGEP. The postcode is the only part of the address that is transferred.

Data is held securely and no information on individual pupils can be published by SGEP

Providing national identity and ethnic background data is entirely voluntary. You can choose the 'not disclosed' option if you do not want to provide this data. However, we hope that the explanations contained in this message and on our website will help you understand the importance of providing the data.

Why do we need your data?

In order to make the best decisions about how to improve our education service, SGEP and education authorities need accurate, up-to-date data about our pupils.

We are keen to help all our pupils do well in all aspects of school life and achieve better educational outcomes. Accurate and up-to-date data allows SGEP, education authorities and schools to:

- plan and deliver better policies for the benefit of all pupils,
- plan and deliver better policies for the benefit of specific groups of pupils,
- better understand some of the factors that influence pupil attainment and achievement, target resources better.

Your GDPR rights

The collection, transfer, processing and sharing of ScotXed data is done in accordance with the GDPR. We also comply with the National Statistics Code of Practice requirements and other legislation related to safeguarding the confidentiality of data. GDPR gives you the right to know how we will use your data. This message can give only a brief description of how we use data. Fuller details of the uses of pupil data can be found on the ScotXed website (www.scotxed.net).

SGEP works with a range of partners including Education Scotland and the Scottish Qualifications Authority. On occasion, we will make individual data available to partners and also academic institutions to carry out research and statistical analysis. In addition, we will provide our partners with information they need in order to fulfil their official responsibilities. Any sharing of data will be done under the strict control and prior agreement of the Data Access Panel in SGEP, which will ensure that no subject specific data will be made public as a result of the data sharing and that such data will not be used to take any actions in respect of an individual.

Every adult in Scotland has a role in ensuring all our children and young people are safe and protected from harm at all times and in all situations.

If there are any concerns, the Head Teacher or Child Protection Coordinator will follow North Lanarkshire Council Child Protection Procedures and Guidelines. The Head Teacher is responsible for the school actions in response to Child Protection concerns.

18. Adult Protection

The Council has responsibility under the Adult Support and Protection (Scotland) Act 2007 for the protection and support of adults at risk of harm within North Lanarkshire. Its employees therefore have the responsibility to ensure the welfare of all adults at risk of harm with whom they come into contact, as well as providing the highest possible standard of care for some of the most vulnerable members of our society. If there are any Adult Protection concerns the Head Teacher or the Adult Protection Co-ordinator will follow North Lanarkshire Adult Protection Procedures and Guidelines

19a. School Discipline: Positive Relationships Policy

Creating a nurturing, rights respecting and inclusive learning environment lies at the heart of our school vision and values. Developing a nurturing approach is based on the understanding of the six nurture principles:

- All learning is understood developmentally.
- Our school environment offers a safe place.
- Nurture and nurturing relationships are important for the development of wellbeing.
- Language is a vital means of communication.
- All behaviour is communication.
- Transitions are important in young people's lives.

Approaches to Promoting Positive Relationships

Respect is one of our core values at Noble Primary School and we all strive to respect ourselves, others and property. We have very high expectations for all learners at Noble. We expect all of our children to be:

- **Ready**
- **Respectful**
- **Safe**

These expectations are visually displayed in all classrooms and regularly reflected upon at all levels. However, everyone makes mistakes and there will be times when our actions and behaviours can upset others. By using a restorative approach with the children, it encourages them to think about how their actions have upset or harmed someone else and what they need to do to repair this. In order to restore the relationship both parties have to be willing, children need to take responsibility for their actions and want to repair things. Children are then supported by staff to talk about what has happened and why, how it has made them feel and agree how this can be solved. They will also agree the consequences should it happen again.

Restorative approaches can also be used in a range of settings within school by investigating what has happened, why, how they felt at the time, how it impacted others, how can it be made right and how can we stop it happening again.

Recognition and Consequences

At all times positive behaviour is recognised and celebrated. Within classes teachers operate a variety of points and rewards systems for individuals and groups. School house points can be awarded by all members of staff when they see examples of good behaviour. These points are added to those awarded

from special events and each term the winning house receives a special reward. Each week, Star Pupils are recognised and celebrated and one child from each class receives a Positive Note home. Every two weeks, a pupil is nominated for going above and beyond (Hot Chocolate Friday).

However, there are clear consequences in place when required. All staff follow a Correcting Behaviour Ladder system where children are given a **non-verbal signal** followed by a **Reminder** when they are displaying behaviours that are not expected. With the Reminder, the children will be reminded of the expectation they have broken. If the behaviour continues then teachers will offer the child an opportunity to make a **Correction** with their behaviour, by giving them a choice. If the behaviour persists, then the children will be given a **Last Chance** to show that they can change their behaviour. If this is unsuccessful, the children may be asked to take a **Time Out** in class or have a time out in another classroom.

Afterwards, children will be given an opportunity to **Repair** the problem through **Restorative Approaches**. Restorative Approaches support the child in the hope that they will be back on track within the school day. Should this not be the case then a member of SLT will take time to talk to the child the next day and if necessary speak to their parents/carers.

Whilst this approach is successful for the majority of our children there are occasions where a modified approach is used.

19b. Anti-Bullying

Definition - What is Bullying? (Taken from Respect Me, Scotland)

Bullying is a mixture of behaviours and impacts, which can impact on a person's capacity to feel in control of themselves. Bullying takes place in the context of relationships; it is behaviour that can make people feel hurt, threatened, frightened and left out. This behaviour can include:

- Physical - hurting people, negative behaviour, victimisation.
- Verbal - name calling, teasing, being nasty, being hurtful, being unjust, being unfair, gossiping
- Material - stealing or damaging property.
- Emotional/mental - intimidation, making people think less of themselves, excluding people, scaring people, blackmailing, mental and emotional abuse.
- Social - embarrassing someone whether intentionally or not, having awareness of an incident of bullying behaviour and failing to stop it, humiliation of another, manipulation of another, isolation of another, exerting peer pressure.
- Cyber - where technology is used to send threatening, offensive or intimidating messages to another person, sometimes anonymously.

What is NOT bullying?

Children will tease, fall in and out with each other, have arguments, stop talking to each other and agree and disagree about what's cool and what's not. This is a normal part of growing up and should be distinguished from bullying. However, in an environment where this behaviour is left unchecked, it can lead to bullying leaving those being bullied feeling afraid, uncomfortable and unsafe in their environment.

*Advice from www.respectme.org.uk

Preventing and Addressing Bullying Type Behaviour at Noble Primary School

We believe in building a learning community that is built on trust, responsibility and respect. Bullying behaviour, in any form, is NOT tolerated.

We believe that the most powerful preventative strategies are those which aim to build communities of respect, where individuals model appropriate behaviours and communicate the value and worth of every person.

We continue to prevent and address bullying type behaviour using the following strategies:

- Promoting a positive ethos and creating a climate of respect, responsibility and positive relationships.
- Worry box
- Learning about children's rights and discussing ways we can respect each other
- Reflecting on school rules and class charter (rights and rights respecting actions).
- Mental, emotional and social health and wellbeing programmes e.g. Circle Time, Promoting Alternative Thinking Skills, Social Skills, Restorative Practices.
- Being proactive information strategies and campaigns e.g. Show Racism the Red Card, anti-bullying week, anti-sectarianism strategy
- Using positive behaviour strategies within the classroom and wider school.
- Repairing relationships through restorative approaches, focusing on the harm that has been caused and the impact this has had.
- Personal support and additional support for those involved.

No Hitting Policy

In the school's efforts to minimise incidents of bullying, it must be stated that any form of physical action or retaliation is unacceptable as this can lead to escalation of the situation. We do not encourage and actively discourage violence of any kind.

Labelling

As per the advice from Respect Me (Scottish anti-bullying strategy), we don't label children and young people as 'bullies' or 'victims'. Labelling a child or young person on the basis of bullying behaviour can result in a confirmed identity as a 'bully' or 'victim' resulting in ongoing behaviour patterns based on this identity. This is not about diluting behaviour but is to keep the focus of the adult's responses on the behaviour that is problematic, rather than the assigning characteristics to those involved. This is a solution-focussed approach that is designed to help people change the way they behave, rather than attempt to change who they are. We help people change by telling them and naming the behaviour that is unacceptable, being clear that what they are doing is bullying and that it needs to stop.

What to do if you are experiencing bullying behaviour

- ◆ Tell the person who is bullying or harassing you to stop, if you feel confident to do so.
- ◆ Ignore them
- ◆ Walk away
- ◆ Make a joke of it
- ◆ Don't show you're upset
- ◆ Keep calm
- ◆ Talk to someone else
- ◆ Speak up - tell an adult e.g. teacher, parent, friend, relative. This is not grassing everyone has the right to feel safe and
- ◆ Keep telling until the problem is resolved

Reporting and Dealing with Bullying Type Behaviours/Allegations/Incidents

- Staff will listen to individuals concerned and record reports of bullying.
- Unresolved incidents or serious occurrences will be reported directly to a member of the senior management team and investigated by them.
- Incidents of bullying will be reported to parents, either verbally or by letter.
- When concerns are raised regarding bullying behaviour, the situation will be closely monitored by the school.
- Each incident will be dealt with individually and sensitively.

Recording and Monitoring

The policy will be evaluated against the criteria below

1. All reported incidents of bullying are dealt with promptly and effectively.
2. Whole school strategies are in place to aid children in their attempts to deal with bullying.
3. Incidents of bullying throughout the school are significantly reduced.
4. The policy outlined above is accepted and implemented by the whole school community.
5. All incidents of bullying will be recorded to allow effective monitoring and evaluation.
6. Recording forms of bullying incidents by a named person.

19c. Supervision in Non-Class Times

An adult presence is provided in playgrounds at break times in terms of the Schools (Safety and Supervision of Pupils) (Scotland) Regulations 1990.

The children are supervised by our Classroom Assistant, Additional Support Needs Assistants, Senior Leadership Team (when not class committed) and Mr Leckie the Facilities Officer.

20. Home and School Links

In Noble Primary School, we believe firmly that creating effective parental links is vital to support our young people effectively as possible. If you wish to draw our attention to a matter regarding your child, please either write a letter addressed to the Class Teacher or Head Teacher or telephone the school office to make an appointment. Parents can also email the enquiries email address enquiries-at-noble@northlan.org.uk

Throughout the school year, we actively encourage parental partnership through a range of activities including:

- Open days and workshops
- Parent Council
- Regular emails, texts and newsletters
- Monthly school newsletters
- Termly class newsletters
- Jotters shared with parents on a termly basis
- Class showcases and assemblies
- Regular and updated information posted on our school website and Twitter account

21. Attendance at School

Section 30 of the 1980 Education Act places a duty on every parent/carer of a child of 'school age' to ensure that their child attends school regularly.

Attendance must be recorded twice a day, morning and Afternoon.

Regulation 7 of The Education (School and Placing Information) (Scotland) Amendment, Etc., Regulations 1993 requires each child's absence from school to be recorded in the school register as authorised or unauthorised: As defined by the Scottish Government.

At the start of each school session, parents/carers will be asked to provide contact details including at least one emergency contact number. Parents/carers are required to inform the school if these contact details change during the course of the school year.

Parents and carers are asked to inform the school if a pupil is unable to attend from the start of the school day on the first day of absence. Failure to do so will result in school staff accessing all contact numbers provided for the school. **In the interests of child safety, the police will be contacted if all attempts to locate the child have been exhausted.**

If a pupil is absent for any reason, parents/carers should contact the school office at the beginning of the day and give the child a note on his/her return to school, explaining the reason for the absence.

21a. Family Holidays During Term Time

Every effort should be made to avoid family holidays during term time as this both disrupts the child's education and reduces learning time. Parents/carers should inform the school by letter of the dates before going on holiday.

Absences will be classified as authorised only in exceptional circumstances. Such circumstances may include:

A family holiday judged to be important to the wellbeing and cohesion of the family, following serious or terminal illness, bereavement or other traumatic events.

A family holiday classified under the 'authorised absence' category will not include such reasons as:

- The availability of cheap holidays
- The availability of desired accommodation
- Poor weather experience during school holidays
- Holidays which overlap the beginning or end of term
- Parental difficulty obtaining leave (except in cases where evidence is provided by the employer that it cannot accommodate leave during school holidays without serious consequences)

Family holidays with the above similar characteristics will be classified as unauthorised absence. Where the head teacher's prior agreement has not been sought, the absence will automatically be classed as unauthorised.

21b. Extended leave with parental consent

Where most family holidays will be recorded as unauthorised absence (see above) extended leave with parental consent will not be considered the same as a family holiday.

Leave in such circumstances will be authorised under circumstances such as

- Extended overseas educational trips not organised by the school
- Short-term parental placement abroad
- Family returning to its country of origin (to care for a relative, or for cultural reasons)
- Leave in relation to the children of travelling families

21c. Exceptional Domestic Circumstances

Parents/carers may request permission for such leave in writing and the school may authorise such requests under the following

- The period immediately after an accident or illness
- A period of serious or critical illness of a close relative
- A domestic crisis, which causes serious disruption to the family home, causing temporary relocation.

It should be emphasised that the school investigates unexplained absence, and that the authority has the power to write to, interview or prosecute parents/carers, or to refer pupils to the Reporter of the Children's Panel, if necessary. A statement of the school's policy including procedures for the enforcement of attendance.

Impact of Absence

ATTENDANCE FACTS

Every pupil at our school should aim to have an attendance of over 96%. When a child's absence falls below this figure it has a dramatic impact on their learning. The figures below state very clearly the effect absence has on your child's learning.

Attendance during one school year	Equates to school days absent in one school year	Equates to school weeks absent in one school year	Equates to school lessons missed in one school year	Effect of absence on your child's learning
95%	9 days	2 weeks	40 lessons	Watch out! Your child will have gaps in their learning
90%	18 days	4 weeks	80 lessons	
85%	27 days	6 weeks	120 lessons	Danger! It will be difficult for your child to catch up.
80%	36 days	8 weeks	160 lessons	
75%	45 days	10 weeks	200 lessons	It will be almost impossible for your child to catch up.
70%	54 days	12 weeks	240 lessons	
60%	72 days	14 weeks	320 lessons	

WHEN ATTENDANCE DROPS TO BETWEEN 85% AND 90% - OVER 5 YEARS A CHILD WILL LOSE HALF OF YEAR OF SCHOOLING

WHEN ATTENDANCE DROPS TO 80% - OVER 5 YEARS A CHILD WILL LOSE A YEAR OF SCHOOLING

22. Clothing and Uniform

All North Lanarkshire schools must have a dress code, which encourages pupils to dress in a way, which is appropriate to attendance at school. This dress code must not lead to direct or indirect discrimination on the grounds of race, religion, gender or disability.

Prior to drawing up the dress code the parents/carers, pupils and staff were fully consulted. It is the expectation of Education and Families that parents/carers will be keen to support the dress code and written agreement may be sought.

Clothing which is unacceptable in school under any circumstances. Includes items which:

- ❖ could potentially encourage factions (e.g. football colours) could cause offence (e.g. anti-religious symbolism or political slogans)
- ❖ could cause health and safety difficulties such as loose fitting clothing, dangling earrings and other potentially dangerous jewellery
- ❖ are of flammable materials which may be a danger in certain classes (e.g. shell suits)
- ❖ could cause damage to flooring
- ❖ carry advertising in particular for alcohol or tobacco,
- ❖ could be used to inflict injury to other pupils or to be used by others to do so.

Parents/carers in receipt of a clothing grant from the Council will be encouraged to purchase items, which are in accordance with the school dress code. Approval of any requests for such grants in other circumstances are at the discretion of the Executive Director of Education and Families. Information and application forms may be obtained from first stop shops and can be downloaded from the Council website www.northlanarkshire.gov.uk

Parents/carers are entitled to receive a clothing grant if they are in receipt of any of the following benefits: Income Support, Job Seekers Allowance (income based), Employment & Support Allowance (income related), Universal Credit (with an income below £796 per month), housing benefit (please note that the housing element of Universal Credit is not housing benefit), council tax reduction (please note that single person's discount/council tax exemption is not council tax reduction). The deadline for school clothing grants is 31 March 2025.

Whilst in general terms it would not normally be the policy of the authority to exclude a pupil from school solely on the basis of his/her dress, persistent refusal to respond to a reasonable dress code may be deemed to be a serious challenge to the head teacher's authority and to be detrimental to the wellbeing of the whole school community. In such circumstances, a head teacher may justify the use of the school discipline procedure.

The Council wishes to minimise claims arising from the loss of pupils' clothing and/or personal belongings. Parents/carers are asked to assist in this area by ensuring that valuable items and unnecessarily expensive items of clothing, jewellery, etc., are not brought to school. **This includes mobile phones which should be left at the school office each morning and collected at the end of the day. They must be switched off at all times.**

Parents/carers should note that any claims submitted to cover the loss of such things are likely to be met only where the authority can be shown to have been negligent.

At Noble Primary, the school uniform consists of

Primary 1 to 6

- Grey trousers or skirt
- Blue cardigan or sweatshirt
- White polo shirt
- White shirt & tie

Primary 7

- Black trousers or skirt
- Black cardigan or sweatshirt
- White polo shirt
- White shirt & tie

23. School Meals

i) Lunch Provision

We have excellent school lunches on offer at Noble Primary made in our kitchen. The 3 weekly menu is available on North Lanarkshire Council website www.northlanarkshire.gov.uk/schools-and-learning/school-meals/meal-menus/primary-school-menu. Pupils can also bring a packed lunch and eat it in the dinner hall. We run a cashless cafeteria at present with children purchasing their own lunch from the cafeteria staff. **Please note that Noble Primary School is a nut free school.**

ii) The Availability of Special Diets

Diets required as a result of a medical condition (a medically prescribed diet e.g., coeliac disease, diabetes, PKU, food allergy or intolerance) can be provided in school by our catering staff. A medically prescribed diet form 1a must be completed and signed by the child's Registered Dietician or General Practitioner. Procedures and forms can be accessed online through North Lanarkshire Council's website, by the school, the catering service or also in some cases by the child's dietitian or doctor. For some conditions (PKU, coeliac) parents/carers may be asked to supply prescription foods or attend a meeting to discuss the child's dietary requirements.

For information, a vegetarian meal option is offered on a daily basis. Some children with additional support needs may require food to be adapted to an appropriate texture and consistency. In this instance the child's Registered Dietician or Speech and Language Therapist will liaise with the Head Teacher and school catering service including the nutritionist to ensure appropriate food provision. In this case a form will still need to be signed by a medical professional including a Speech and Language

Therapist. It is important that the Head Teacher is aware of any medically prescribed diets within the school and, on occasion, parent/carers may be asked to attend a meeting.

Forms that have not been signed by a medical professional will be rejected. The form will be returned to the parent along with a letter stating the reason for the refusal and also, they will be issued with a new form.

Any change in the child's dietary requirements must be advised through a Registered Dietitian or Medical Practitioner to the Facilities Support Services (FSS) Nutritionist. When children move to a High School or change schools FSS will need to be informed as soon as possible. Special Diets such as Vegan and ethnic diets can also be accommodated. In this case a form b should be completed and can be signed by the parent.

All completed forms should be returned to the email specialdiet@northlan.gov.uk

iii) Other Information about School Meal Provision

Children of parents/carers receiving Income Support, Job Seekers Allowance (income based), and Employment & Support Allowance (income related), Universal Credit (with an income below £796 per month), are entitled to a meal without charge.

All P1 to P5 pupils are entitled to a free meal and free milk. Pupils in P6-P7 who qualify for a free school meal are entitled to free school milk. However, milk will be available for purchase in the school during the lunch period. All nursery pupils are entitled to free milk and a fruit or vegetable snack.

Information and application forms for free school meals can be downloaded from the council website www.northlanarkshire.gov.uk

Parents/carers are entitled to receive a clothing grant if they are in receipt of any of the following benefits: Income Support, Job Seekers Allowance (income based). Employment & Support Allowance (income related), Universal Credit (with an income below £796 per month), housing benefit (please note that the housing element of Universal Credit is not housing benefit), council tax reduction (please note that single person's discount/council tax exemption is not council tax reduction). The deadline for school clothing grants is 31 March 2025.

Information and application forms for clothing grants may be downloaded from the council website www.northlanarkshire.gov.uk

24. Placing Requests

You have the right to make a placing request for your child to be educated in a school other than the local school.

In December each year, the authority will advertise its arrangements for placing requests. There are sound educational reasons for trying to ensure that the transfer or admission of children to a school takes place at the start of a school session. Other than those who are moving home to a new area, parents/carers are advised to time any placing requests so that they take effect from the beginning of the new school session.

Every effort will be made to try to meet the parental wishes, but you should note that it is not always possible to grant every placing request to a particular school. Placing requests to Primary School does not necessarily ensure that your child will have a direct entry to the associated secondary. Advice on this must be sought from the Primary School Head Teacher. Further information on placing requests and procedures is available from the school or the council's website.

Parents/carers and Young People have a right under the Additional Support for Learning Act 2009 to make a placing request for their child or young person to attend a nursery (including partnership nursery), special school or special class managed by the home authority. In the event of a successful placing request the authority are not required to provide transport. The Act also enables parents/carers and young people to make a placing request to attend a school/establishment belonging to another authority.

25. Transport

i) General

The Council has a policy of providing free transport to primary pupils who live more than one mile from their catchment school by the shortest suitable walking route. This policy is more generous than the law requires. This provision may be reviewed at any time.

Parents/carers who consider they are eligible can apply on the Council website. Applications should be completed and submitted before the end of February for those pupils beginning school in August to enable the appropriate arrangements to be made.

Applications may be submitted at any time throughout the year but may be subject to delay whilst arrangements are made.

There is discretion in certain circumstances to grant privilege transport for pupils to travel in transport provided by the authority, where spare places are available and no additional costs are incurred.

ii) Pick Up Points

Where free transport is provided, it may be necessary for pupils to walk a certain distance to the vehicle pick-up point.

Walking distance in total, including the distance from home to the pick-up point and from the drop-off point to the school in any one direction, will not exceed the authority's limits (see above paragraph).

It is the parent's/carers responsibility to ensure their child arrives at the pick-up point in time. It is also the parent's/carers responsibility to ensure the child behaves in a safe and acceptable manner while boarding, travelling in and alighting from the vehicle. Misbehaviour could result in a loss of the right to free transport.

iii) Placing Requests

The council does not provide transport for those pupils in receipt of a placing request other than in exceptional circumstances.

In the case of early entry requests if a child is offered a place in the catchment area school, transport will be provided in accordance with the Council's policy as stated above.

26. Medical and Health Care

Routine medical examinations take place during the first year at school. Dental inspections of every child are carried out and parents are offered any necessary treatment for them although they may choose instead to go to the family dentist.

If a child takes ill or has an accident during school hours, the Parents/Carers or emergency contact will be notified immediately to take him/her home or to the family doctor. If there is an emergency situation, the child will be taken to the Emergency Unit at Monklands Hospital under the Head Teachers personal supervision where possible. First aid is administered by the school's first aider - a member of staff who has had the appropriate training: Mrs Fraser.

It is vital that Parents/Carers should inform the Head Teacher of any particular medical requirements relating to their child and then any special arrangements can be made for his/her own wellbeing. We have strict procedures for the taking of medication during school hours and Parents/Carers must call at the office to sign the appropriate form and arrange for the handover of any medicines.

Parents/Carers should check their child/children's hair on a regular basis - any problems should be dealt with by them immediately. Advice can be sought from their family doctor who will also suggest correct medication or from the community nurse - Helen Scott, 01236 707737

If a young person is unable to attend a suitable educational establishment as a result of prolonged ill-health, North Lanarkshire Council must make special arrangements for the pupil to receive education elsewhere, other than at an educational establishment.

In North Lanarkshire, children and young people are treated in the paediatric in-patient unit within Wishaw General Hospital. It is not common for children and young people to have extended stays in Wishaw General, and therefore North Lanarkshire Council does not require a dedicated hospital education service.

Children and young people resident in North Lanarkshire and in hospital in Glasgow, may access education through the Hospital Education Service (HES). The service is provided by Glasgow City Education Department and Social Work Services. For further information, please contact the school.

27. Information in Emergencies

We make every effort to maintain a full educational service, but on some occasions, circumstances arise which lead to disruption. For example, schools may be affected by severe weather, temporary interruption of transport, power failures or difficulties of fuel supply. In such cases we shall do all we can to let you know about the details of closure or re-opening. We shall keep you informed by using letters, email, notices in local shops and community centres, announcements in local churches and announcements in the press on local radio, on the NLC website and Twitter.

28. Parent Forum and Parent Council

As a parent/carer of a child at Noble Primary you are automatically a member of the Parent Forum. The Parent Forum will be composed of all the parents and carers of children at the school.

As a member of the Parent Forum, you can expect to:

- get information about what your child is learning

- get information about events and activities at the school
- get advice/help on how you can support your child's learning
- be told about opportunities to be involved in the school
- have a say in selecting a Parent Council to work on behalf of all parents/carers at the school
- be invited to identify issues for the Parent Council to work on with the school.

The Parent Council

The Parent Council's rights and duties include:

- supporting the work of the school;
- representing the views of parents/carers;
- consulting with parents/carers and reporting back to the Parent Forum on matters of interest;
- promoting contact between the school, parents/carers, pupils, and the wider community;
- fundraising;
- taking part in the selection of senior promoted staff;
- receiving reports from the head teacher and education authority; and
- receiving an annual budget for administration, training and other expenses.
- Improving home school partnership and facilitating parental involvement

A Parent Council has been established at Noble Primary. The Head Teacher sends out an annual letter, at the start of the school session, requesting parent nominations. No more than ten parents will form the Noble Parent Council, with a member of the school staff.

The Head Teacher is professional advisor to the Parent Council. Two members of the community can be co-opted onto the Council.

The Noble Parent Council for 2024/2025:

Although this information is accurate at time of printing, there could be changes affecting any of the matters dealt within the document

a) before the commencement or during the course of the school year in question.

b) in relation to subsequent school years.

Education Authorities are required by law to issue a copy of the school handbook to certain parents/carers in December each year.

It details the current policies and practices of both the council and the school.

32. Additional Information

NL Digital School

It is recognised that digital technology is already making a significant contribution to learning and teaching practices. When used appropriately and, with all stakeholders being supported it can enrich learning and teaching, help to raise attainment.

North Lanarkshire Council have developed a range of supports to enhance the use of digital learning within our schools. Glow and M365

All pupils and staff in NLC have access to Glow - Scotland's national digital learning platform provided by Scottish Government and managed by Education Scotland. It provides learners and educators across North Lanarkshire with an environment that can support learning across the whole curriculum through. This is primarily achieved in NLC using the services found within Microsoft M365.

Pupils will be given a login to Glow when they start school, and these details will follow the young person throughout their school journey. Glow passwords are issued directly to pupils, and it is Education Scotland policy that these passwords should not be shared with anyone else. Guidance on Glow passwords can be found [here](#). All staff in schools have the ability to reset a pupil's Glow password.

Once logged into Glow, pupils will have the ability to use the full range of apps available via M365. These include MS Teams, OneNote, PowerPoint and MS Word. Users also have the option of downloading O365 to install on up to 5 additional personal devices and this can be accessed from the national section of the Glow Launchpad.

Unacceptable Actions Policy

Education and Families believes that complainants have a right to be heard, understood and respected. We work hard to ensure that this right is accessible and clear to everyone.

Occasionally, the behaviour or actions of individuals making a complaint can make it very difficult for us to deal with the issue both at school and authority levels. In a small number of cases, the actions of individuals become unacceptable because they involve the abuse of our teachers, headteachers, support staff and other council officers.

When this happens, we have to take action to protect our staff. We also have to consider the impact of the behaviour on our ability to do our work and provide services to others.

This policy explains how we will do that taking account of the Scottish Public Sector Ombudsman's Unacceptable Actions Policy and North Lanarkshire Council's complaints process.

What actions do we consider to be unacceptable?

We recognise that people may act out of character in times of trouble or distress. They may have experienced upsetting or distressing circumstances leading up to making a complaint.

However, we do consider actions that result in unreasonable demands on our schools and offices or unreasonable behaviour towards our staff to be unacceptable. We have grouped these actions under the following broad headings:

Aggressive or abusive behaviour

We understand that complainants may be angry about the issues they have raised in their complaint. If that anger escalates into aggression towards our staff, we will consider that as unacceptable. Any violence or abuse towards staff will not be tolerated.

Violence is not restricted to acts of aggression that may result in physical harm. It also includes behaviour or language (whether verbal or written) that may cause staff to feel offended, afraid, threatened or abused. Language (including via email, phone calls, in person or social media) which is designed to insult or degrade, is racist, sexist or homophobic or which makes serious allegations that individuals have committed criminal, corrupt or perverse conduct without any evidence is unacceptable.

We may also decide that comments aimed at third parties are unacceptable if listening to them or reading them may have a detrimental effect on our staff.

Unreasonable levels of contact

Sometimes the volume and duration of contact made to us by an individual causes problems. This can occur over a short period, e.g. the number of calls or emails in one day or one hour. It may occur over the life-span of a complaint when a complainant repeatedly makes long telephone calls to us or inundates us with copies of previously sent or irrelevant information.

LEARN HERE

We consider that the level of contact has become unacceptable when the amount of time spent talking to a complainant on the telephone or responding to/reviewing emails or written correspondence impacts on our ability to deal with that complaint or other people's complaints or deliver our services effectively.

Unreasonable demands

We believe a demand becomes unacceptable when it starts to (or when complying with the demand would) impact substantially on the work of our schools and offices. Examples include:

- Repeatedly demanding responses within an unreasonable timescale
- Refusing to follow our complaints procedure
- Insisting on seeing or speaking to a particular member of staff when that is not possible
- Repeatedly changing the substance of a complaint or raising unrelated concerns

Such demands take up an excessive amount of staff time and in doing so disadvantages other complainants and prevents their own complaint from being dealt with quickly.

Unreasonable refusal to co-operate or accept a decision

When looking at complaints, we will need to ask the person who has complained to work with us. This can include asking for further information, evidence or comments. Sometimes, an individual repeatedly refuses to co-operate and this makes it difficult for us to proceed. Very occasionally, individuals refuse to accept outcomes or attempt to have complaints re-opened without further evidence. We consider this unreasonable and will advise the person of their right to review by the Scottish Public Sector Ombudsman (SPSO).

Our responses to unacceptable behaviour

The threat or use of physical violence, verbal abuse or harassment towards our staff is likely to result in termination of all direct contact with the complainant and we may report the incident to the police and/or other agencies. This will always be the case if physical violence is used or threatened.

Our staff will end telephone calls if they consider the caller aggressive, abusive or offensive. Our staff have the right to make the decision to tell the caller that their behaviour is unacceptable and to end the call if the behaviour persists.

We will not respond to correspondence (in any format) which contains statements that are abusive to staff or contain allegations that lack substantive evidence. Correspondence will be returned to the complainant with a note explaining that we consider the language used to be offensive, unnecessary and unhelpful and will ask the complainant to stop using such language. We will state that we will not respond to their correspondence if the action or behaviour continues.

In extreme circumstances, we will tell the complainant in writing that their name is on a 'no personal contact' list. This means that we will limit contact with them through a third party.

We reserve the right to take legal action on unacceptable behaviour where necessary.

Our responses to other unreasonable behaviour

We have to take action when unreasonable behaviour impairs the functioning of our schools and other offices.

We will try to ensure that any action we take is the minimum required to solve the problem, taking into account relevant personal circumstances including the complaint and the needs of the individual.

Where a complainant repeatedly phones, visits, raises repeated issues or sends large numbers of documents where their relevance is not clear, we may decide to:

- Limit contact to telephone calls from the complainant at set times on set days;
- Restrict contact to a nominated member of school/central staff who will deal with future calls or correspondence from the complainant;
- See the complainant by appointment only;
- Restrict contact from the complainant to writing only;
- Return any documents to the complainant or, in extreme cases, advise the complainant that further irrelevant documents will be destroyed; and
- Take any other action that we consider appropriate.

Education and Families Unacceptable Actions Policy

Where we consider continued correspondence on a wide range of issues to be excessive, we may tell the complainant that only a certain number of issues will be considered in a given period and we will ask them to limit or focus their requests accordingly.

In exceptional circumstances, we reserve the right to refuse to consider a complaint or future complaints from an individual. We will take into account the impact on the individual and also whether there would be a broader public interest in considering the complaint further.

We will always tell the complainant what action we are taking and why.

Any member of our staff who directly experiences aggressive or abusive behaviour from a complainant has the authority to deal immediately with that behaviour in a manner they consider appropriate and in line with this policy.

With the exception of such immediate decisions taken at the time of an incident, decisions to restrict contact with the school/office are only taken after careful consideration and discussion with the Education and Families Manager for that school. Wherever possible we will give a complainant the opportunity to change their behaviour or action before a decision is taken.

How we let people know we have made these decisions

When a member of staff makes an immediate decision in response to aggressive, offensive, or abusive behaviour, the complainant is advised at the time of the incident.

When a decision has been made by a senior member of staff to restrict future contact, a complainant will always be given the decision in writing as to why that decision has been made. This communication will also include the restricted contact arrangements and, if relevant, the length of time these restrictions will be in place. This ensures the complainant has a record of the decision.

How to appeal a decision to restrict contact

It is important that procedures are in place to reconsider a decision. A complainant can appeal a decision to restrict contact. We will only consider appeals that relate to the restriction and not to either the complaint made to us or our decision to close the complaint, an appeal could include, for example, a complainant saying that:

- Their actions were wrongly identified as unacceptable
- The restrictions were disproportionate
- This will adversely impact on the individual because of personal circumstances

A senior member of staff who was not involved in the original decision will consider the appeal. They have the discretion to quash or vary the restriction as they consider appropriate. They will make their decision on the evidence available to them and advise the complainant in writing of the outcome, e.g. the restricted contact arrangements still apply or a different course of action has been agreed.

We may review the restriction periodically or on further request after a period of time has passed.

How we record and review a decision to restrict contact

We will record all incidents of unacceptable actions by complainants. Where it is decided to restrict complainant contact, an entry noting this is made in the relevant file and on appropriate records. Reports on restrictions will be presented to our Senior Management Team to ensure the policy is being applied correctly. A decision to restrict complainant contact as described above may be reconsidered either on request or on review.

How we take account of our duties under the Equality Act (2010)

Some people may have difficulty expressing themselves or communicating clearly and/or appropriately. We will always consider the needs and circumstances that we have been made aware of, before deciding how best to manage the situation. This will include making reasonable adjustments. However, this does not mean we will tolerate abusive language, shouting, aggression or other unacceptable behaviour or actions.

If an individual with a protected characteristic becomes the subject of a restriction under this policy, we will consider whether the restriction may affect them more than someone without that characteristic. If this is the case, we may make different arrangements so they can still access the service.
