Dear Parents and Carers,

Following the work that we carried out across the school last session on racism and anti-racism, it has recently come to our attention that some children have been using language and terminology that does not reflect the respectful and inclusive values we aim to promote as a school.

We would appreciate your support in reminding your child that racist language is never acceptable and that the words we use can have a significant impact on others. Whilst we recognise that children may sometimes repeat words or phrases without fully understanding their meaning or the hurt that they can cause, we will continue to help our children make positive choices, ensuring that those affected are appropriately supported and that our expectations are consistently reinforced across the school.

As a school, we have a responsibility to take all reports of racist language or behaviour seriously and as such, we will respond in line with school and local authority procedures. Where an incident is identified as racist, it will be formally recorded as a racist incident. Parents and carers of the children involved will be contacted, and appropriate support and follow-up will be put in place. Our focus will always be on helping children understand why such language is unacceptable and support them to make more positive choices.

We greatly appreciate your support in helping us maintain a school community in which every child feels safe, respected and included.

Kind regards

Mrs S Gordon
Head Teacher
