Dear Parents and Carers,

Following the events that unfolded yesterday and affected a number of schools across Scotland, we recognise that some children may be feeling worried, unsettled or have questions about what has happened.

To help support our learners, we plan to hold a series of additional assemblies next week, delivered in an age-appropriate way for different stages: P1-3, P4-5 and P6-7. These assemblies will take place on Tuesday 27th October and will focus on providing reassurance, addressing any concerns and helping children to feel safe and supported.

I am sharing this information in advance so that you can decide how best to support your child. You may wish to have a conversation with them beforehand, continue the discussion at home after the assembly, or you may feel that you would prefer to address this topic privately as a family. If you do not wish your child to participate in the assembly, please contact the school and we will be happy to make alternative arrangements.

To help you make an informed decision, I will send an overview of the content for each assembly on Monday. Our aim is to provide children with clear, factual and age-appropriate information that helps them to understand the world around them, while minimising any unnecessary alarm or anxiety.

The wellbeing of our children remains our highest priority. We hope these assemblies will provide reassurance and help to ease some of the worries that children and families may have experienced in recent days.

As always, thank you for your continued support, understanding and partnership with the school.

Best wishes,

Mrs S. Gordon
Head Teacher
