Dear Parents and Carers,

Thank you to those who have been in touch and shared their concerns over the past couple of days.

I fully appreciate that the recent hoax threats affecting schools across the UK will understandably have caused concern for parents and carers.

Please be assured that our school has not received any malicious communication. Police Scotland are investigating the matter and have confirmed that the communication circulating is a hoax.

The safety, security and wellbeing of our children, young people and staff remains our highest priority. The school have established emergency protocols in place, and these would be followed should any incident arise. Staff are familiar with the appropriate arrangements and actions required.

For security reasons, we do not disclose the detail of our emergency protocols or individual security arrangements. This is important to ensure that these measures remain effective.

We will continue to follow the advice of Police Scotland and North Lanarkshire Council and would communicate directly with parents and carers should there be any information affecting our school.

I hope this provides reassurance that appropriate arrangements are in place and that the school remains vigilant and prepared to respond should this be required.

We want to reassure you that we have no reason to be concerned about a direct threat to our school and as such we will continue to follow North Lanarkshire's procedures.

Best wishes,

Mrs S. Gordon
Head Teacher
