

Improving

OUR school

Theme 5:

Our successes & achievements

This includes opportunities for achievement in our school and in the community, being able to achieve the best possible progress, awards and qualifications, skills for employment and lifelong learning.

ROSE TRAINER ACHIEVEMENT AWARD

Our whole school community, including parents, carers and other adults involved in our school, worked together to develop a brand new achievement award. We named it after Rose Trainer, the very first Head Teacher of Cathedral Primary. The Rose Trainer Achievement Award will help all Cathedral learners develop into *Successful Learners, Confident Individuals, Responsible Citizens* and *Effective Contributors* at school, at home and in the local and global community. There are eight levels from Nursery – Primary 7, with bronze, silver and gold certificates to earn each year. The award will be officially launched in the Motherwell Cathedral later this year.

Theme 2:

Our learning & teaching

This includes the curriculum, the quality of learning experiences, the range of teaching approaches and access to high-quality resources for learning.

NEW SCHOOL LIBRARY

Reading for Enjoyment is on this year's School Improvement Plan and it's vital all Cathedral pupils have regular access to the very best books. We worked together to create a brand new library from scratch. House Captains worked closely with Caledonian Furniture to design the shelving and layout and with Scotia Books to fill the shelves with lots of beautiful new books (there's something there for every Cathedral pupil!). We also came up with ideas about how to furnish and decorate our library. The finished library has lots of spaces to relax and enjoy a book, including a cosy reading wood for our younger pupils. One of Primary 7's favourite authors, Ross McKenzie, officially opened our new library on Monday 28th March.

Improving OUR school

Theme 1: Our relationships

This includes friendships, relationships with teachers and other adults who support us, opportunities to influence things, equality and fairness, ethos and culture, feeling supported and cared for.

Theme 4: Our health & wellbeing

This includes access to good quality nutritious food as well as support for our emotional wellbeing, mental health and physical wellbeing.

Theme 2: Our learning & teaching

This includes the curriculum, the quality of learning experiences, the range of teaching approaches and access to high-quality resources for learning.

SUGGESTIONS BOX

One of our House Captains came up with the idea of a suggestions box to give Cathedral pupils the opportunity to share their ideas with Mr Young. We wanted the box to be really high quality and last for many years to come, so our House Captains contacted Our Lady's High School Technical Department to see if they would help with its design and production. House Captains went up to OLHS every week to work on the wooden box, complete with a plastic pencil holder. It now has pride of place next to our Smart School Council Action Board.

WHAT MAKES A GOOD LESSON?

Cathedral pupils were asked what makes a good lesson and were given several options to consider. Getting to work in pairs and small groups came out top, using digital technology second and getting quality feedback on their learning a close third. This information was used to revise the school's Learning, Teaching & Assessment Framework, including a new approach to marking, which was introduced in August 2023. Sixty new ipads were also purchased for Primary 1 – 3 classes.

ANTI-BULLYING CAMPAIGN

We are proud that bullying incidents are very rare within our school community. However, this is not something we take for granted. We ran an anti-bullying poster competition and the three winning entries are now displayed throughout the school. Our House Captains worked together to develop 'Bullying Drills' which are now used in every class at the beginning of each term. Our House captains also led training for teachers on how to deliver the drills at a staff meeting.

Improving OUR school

Theme 3: Our school & community

This includes the facilities and environment for learning, availability of digital technology, the range of equipment for play and physical activity and ensuring everyone has good access to what's available. It also includes having positive links between our school and our families and with partner organisations in our community.

Theme 1: Our relationships

This includes friendships, relationships with teachers and other adults who support us, opportunities to influence things, equality and fairness, ethos and culture, feeling supported and cared for.

IMPROVING OUR LEARNING STREETS

Cathedral's four learning streets are extensions of classrooms. Pupils were asked how they would like to improve their learning street and came up with the following requests:

- We would like learning streets to be zoned to include a technology/construction area, a reading area, a Publication Station for independent writing and a 'wellbeing area';
- We would like systems in place to ensure resources are quickly replenished when they run out;
- We would like systems in place to keep learning streets tidy and organised, including brushes and dustpans to clear up after messy learning.

CELEBRATING CATHEDRAL DIVERSITY

Cathedral pupils were asked how we can celebrate diversity across our school and campus. They said:

- Create a new welcome display at the school entrance which celebrates Cathedral's diversity. This will include an 'inspirational quote lucky dip';
- Include a dedicated monthly 'celebrating our diversity' slot at assembly;
- Plan and hold a Diversity Day in Term 4. This will also include the development and launch of a Cathedral cookbook;
- Use our class 'showcase walls' to highlight and celebrate Cathedral's diversity.
