

## Calling all P7s in North Lanarkshire....

Your new secondary school librarians have a mission for you!

Should you choose to accept, you will be transported over the rainbow to the wonderful country of Oz, where you will meet Dorothy and a whole host of other magical characters.

You will take part in some fun activities including reading, creative writing, research, arts and crafts and some fun challenges for the whole family.

### Getting started

1. Sign in to Glow and go to this Glow blog.

<https://blogs.glowscotland.org.uk/nl/schliboz/>

2. Read the welcome page and try the first challenges

3. We've given you links to free online versions of the book.

Read or listen to the first chapter then look at Chapter 1's page on the blog to find more ideas to investigate and some challenges. Choose your challenge, take a photo of your work and submit it to the Oz Glow Team. Here's the Team code **zq94340**

4. Go back and read the next chapter and go through the process again. You can take part in as many challenges as you like. We will release new chapter challenges from now until August.

Prepare to have fun and see you in Oz!
