

ORCHARD NEWSLETTER

November/December 2016

Official Opening

Thank you to all parents, carers, staff and invited guests who came along to our official opening. It was a very special event and it was a pleasure to share this with Mr Quail and Clyde Valley High School.

It was the role of some of our Primary 7s to show round invited guests and other visitors and it was really interesting to talk to the architect who designed our very special school campus.

Isabelle Boyd, Assistant Chief Executive of Education, Skills and Youth Employment wasn't with us at the opening ceremony, however she will be visiting the school on Thursday 17th November. I am sure she will be going round classes and speaking to the children. As well as seeing the development of the school since we opened.

I am stunned that this is the November/December newsletter. 2016 has flown by and our planning for this very busy period is well underway. The dates and events for December are included in this newsletter! We hope you are able to join us for many of these events and celebrate the festive season with the school and nursery.

Opening Ceremony

Parent Council

Our first Parent Council event of this session is on Tuesday 15th November in the assembly hall. Our Parent Council have issued their first newsletter and this is on their page of our website.

Also on the website is the constitution for the new Parent Council.

Drop Off

There are two areas for drop off. One in front of the main building and the other around the smaller car park. Please use both as a pick up and drop off.

Do not use them as parking bays!

Birthdays

A birthday is a very special event. Due to allergies in the school I would ask that as parents/carers you do not hand birthday cakes into the mainstream or LCSC areas of the school. The mainstream classes are large and we have children who have allergies and therefore is very difficult to share out cake. In the LCSC classes teaching staff will decide the best way to celebrate a birthday, meeting the needs of those in the class.

As a whole school we will celebrate each child's birthday at assembly. On a monthly basis we will present each child with a card and a birthday sticker. The card will contain a birthday pencil.

The cards are not bought but have been designed by these children. Every class was asked to design a birthday card and our Principal Teachers chose the winning designs. These have now been printed onto card and are being used as part of our celebrations.

Well done to our winning artists!!

Letters & Website

We do try as a school to limit the amount of letters and information coming home in school bags, however sometimes this is the best way of communicating to all parents/carers in the school community.

I will tweet on the school's Twitter account to let you know when information has been issued. On some occasions this may not come home that night, if you have any concerns about letters and information not coming home please contact the school.

A copy of all letters sent home will be added to the parent forum page of our website. These will be there for the full session for your information.

Our class home learning sheets will be added to the class blog pages as a back up.

Parent Helpers

Many thanks to all who completed the Parental Evaluation at our parents night in October. The results of this evaluation have been displayed in the school and posted on our Twitter page. These will now impact on the school's improvement priorities.

Mrs Mackenzie will now be planning how we can get parents more involved in the learning and activities in the school. If you weren't able to complete the evaluation but would like to be a parent helper in school, running after school clubs or helping at trips please contact Mrs Mackenzie.

Coming soon !!
