

Tornado Time

Label the following diagram based on your own research of a tornado.

eye of the storm	upward current	warm air
cold air	rain	ground level

Use the word bank to fill in the missing gaps and to explain what a tornado is and how it occurs.

Word bank

column	upwards	thunderstorm	cold, dry air	warm, moist air
--------	---------	--------------	---------------	-----------------

A tornado is a violent, rotating _____ of air between a _____ and the ground. Tornadoes occur when _____ blows over _____ . The warm air spins _____ forming a tornado.
