## Avalanche **Diary Entry**

## The Rescuer

Write a diary entry from the point of view of an avalanche rescuer

Things to include in your diary entry:

- · details about how avalanches start and the dangers they pose;
- · what happened at Hotel Rigopiano;
- · how your character heard the avalanche had engulfed the hotel;
- · what happened to them in the following hours;
- an account of what the rescue was like;
- their feeling when the rescuer and victim emerged into the open air.

Think also about all your senses – what do you see, hear, smell, feel and taste?
