

L.I. I can show my understanding of Jewish traditions.

The Ketubah

Before a Jewish marriage ceremony, the bride and groom sign the Ketubah. It sets out the promises that the couple make to each other for a long and happy marriage. Make your own **Ketubah** by cutting out a patterned border on white A4 paper and writing some promises in the middle that a couple might make to each other. They can then be mounted on coloured paper to finish off your design. Two examples are shown below.
