First Level: Measurement

## Using a ruler

Estimate and then measure the length of each of these bars. Write your estimate and then use a ruler to check the actual length.
$\square$

$\square$
$\square$

Draw lines that are exactly:
5 cm
8 cm
16 cm
23 cm
3 cm
29 cm
17 cm

Using your ruler measure at least 5 different things around your house. Draw a picture and write the measurements next to it.
