All buddies volunteer, they are not chosen. One buddy was still on holiday when we returned to school so buddy support group stepped in to assist. As part of the Early Years Refresh assigned seating does not happen in P1. As we are always striving for excellence, we are very happy to be involved with this new initiative.

What could we have done better?

Nothing. My son's buddy has been brilliant.

My son had no issues at all settling in. The support from staff and his buddy made the first day easy.

Again everything was done to ensure a smooth transition, I couldn't fault any part.

My daughter's first day went very well and she has continued to look forward to coming to school every day.

Teachers are a credit to the school in particular the first day.

I fully understand the reason behind not going into class at the start of their day but was expecting to be able to get nice photos of my child when I returned but the class was in chaos and I thought they would have had a name tag on desks like other schools have.

Choose buddies that want that responsibility to be a buddy. My child has not had his buddy at all and a boy to help two days. Sorry.

I feel it was a bit chaotic when we arrived at 2.30pm. No one spoke to us and my daughter was very upset as someone had taken her hands picture.

Since child started school?

My child continues to enjoy school.

There is good communication between school and home.

I know who to contact if I have a query or a concern.

I am happy with my experience so far.

At 2.30pm we allow all parents, carers, family and friends to come in to see P1. I appreciate that this is busy. We will work harder to organise the area and hall to help with this.

What could we do better?

I find all staff members to be extremely friendly and approachable.

I have just joined Twitter purely to see all the lovely pictures of what the class is up to. I love this idea!

N/A. Everything has been very good.
