

# Welcome to our Ravenswood Bubble!

# Welcome Back!

We're so excited that you're coming back to school soon! We can't wait to listen to all of your stories, learn, play and spend time with you all again.

# Welcome Back!

Things will be a little different when you come back, so this book will help you to understand what it is going to be like.

Everyone at school will be there to help you.

# Coming Back to School in a Bubble

A bubble is the name we are going to use instead of class. A bubble is a small group of people who will spend their time together at school. It is a little bit like a team.

# Coming Back to School in a Bubble

Your bubble will have some of your friends in it and your teacher. You might not have all of your friends in your bubble, but you will have some of them.

# Your Bubble

You will have lots of fun in your bubble. You will work, play, sing, relax, create and eat together.

# Your Bubble

Your classroom will only be for your bubble. Children from other bubbles will not be allowed to come into your bubble space, and you will not be allowed to go into their bubble. We must stay in our own bubbles to keep us safe from germs.

# Other Bubbles

Even though we won't be spending time with children from other bubbles, if we see them we can still wave and say 'hello'.

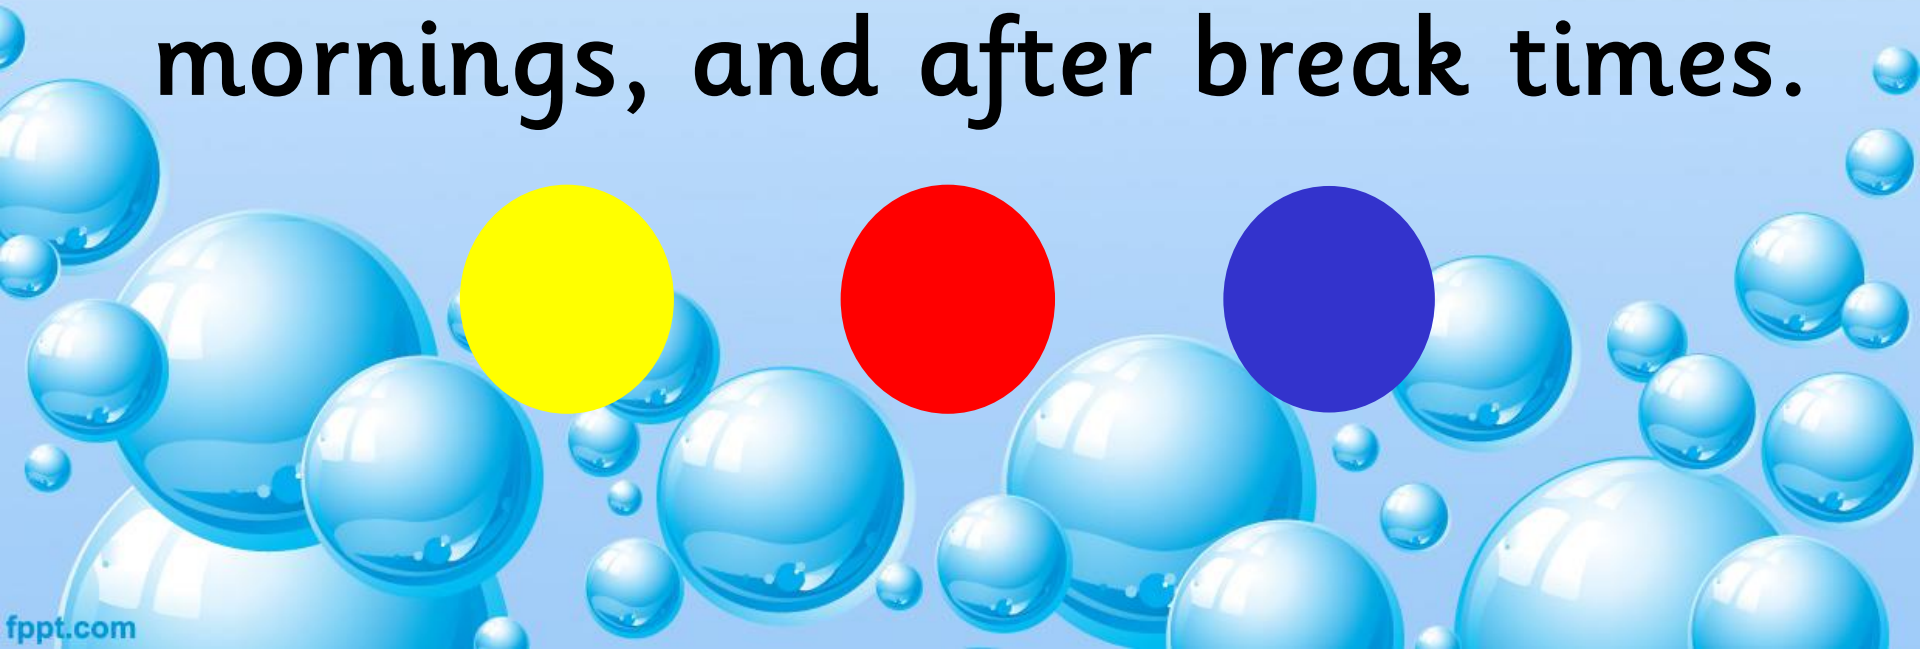

# Coming to School

When you get to school you will hug and say goodbye to the grown ups at the school gate. To keep us safe from germs grown ups will not be allowed in our playground.

# Lining Up

In our playground we have new dots. Some are yellow, some are red and some are blue. The dots will help us line up safely in the mornings, and after break times.

# Lining Up

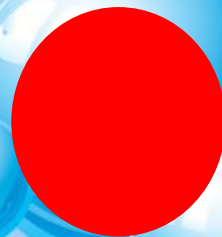

Your bubble will have a colour.  
Either yellow, red or blue. When  
you are lining up you will find  
your bubble's colour and stand on  
a dot. There will be teachers in the  
playground to help you find your  
colour.

# Lining Up - Bus

If you get the bus to school you will line up outside the playground first. You will stand on a green dot. Then you will go into the playground to find your yellow, red or blue dot.

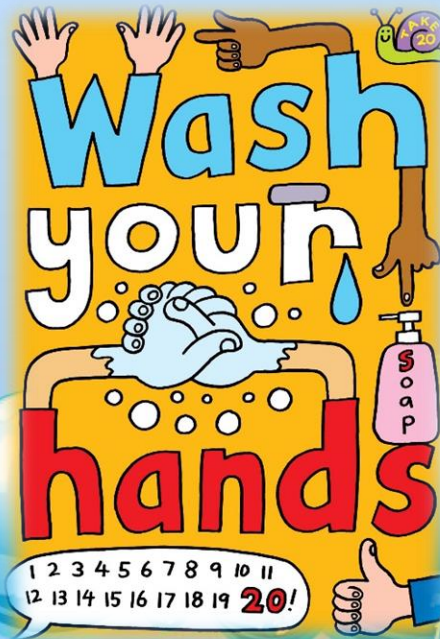

# Lining Up

When everyone is lined up and standing on a dot your teacher will come out to the playground to get your line. You will then come into school and go to your classroom.

# Keeping Safe

To keep safe from germs you will wash your hands for 20 seconds when you come into school. This will keep you and the rest of your bubble safe.

# In Your Bubble

You will now be ready to start your day with your teacher and the rest of your bubble. 😊 Your teacher will be there to help you stay safe and you can speak to them if you are feeling worried or sad.

# Super Cleaners!

Learning and playing can be messy! To keep ourselves and our friends safe we will be cleaning toys after we have used them to make sure they are safe for other children to use. We will also be washing our hands more often. This will keep us healthy safe from germs.

# Seeing Our Friends

You will have been in your house for a long time and you will be excited to see your friends again. To begin with we will try not to hug or hold hands with our friends, yet. Not getting too close to other people will help to keep everyone safe.

# Having Fun

Although school might look and feel a little different we will still learn, play and have fun together. 😊 School will not be this way forever, but for just now our bubbles will be used and they will keep everyone safe. We won't see each other as much as we used to but that will make our time together extra special.

# One day...

We are going to make sure that we have a great time in our bubbles.

One day soon we hope that we can pop all of the bubbles and have a big Ravenswood hug!
