Ravenswood Primary School's Remote Learning and Live Interactions

Pupil Code of Conduct

When accessing recorded lessons, posting messages on the class Teams page or participating in live interactions, pupils will:

- Be punctual for all live interactions.

- Dress appropriately for any live interactions.

- Ensure the location they log in from is appropriate. For example, give consideration to background, camera angle, privacy etc.

- Ensure that their mobile phone is switched off for the period of live interaction.

- Make sure they have all power adaptors, laptops, headphones, screen connections ready before the live interaction begins.

- Use headphones wherever possible in order to have the best possible sound quality and to enhance the privacy of the dialogue between the pupils and teachers.

- Only use their GLOW email address for class communication.

- Seek to contribute to online learning in a positive manner and not be disruptive at any time.

- Show respect for everyone in the online classroom.

- Have an understanding that behaviour during remote learning will be monitored and should your behaviour be inappropriate you will be removed from the learning.

- Submit all assignments on time as requested.

No pupil or parent has permission to screen shot or film any virtual leaning sessions. This includes recorded lessons as well as live interactions. Strict adherence to this is extremely important and any unauthorised recording will be treated very seriously.
