

Talking Mats at Ravenswood Primary

What are Talking Mats?

Talking Mats supports children and young people to:

- Understand what is being discussed
- Raise concerns
- Think about decisions
- Be fully involved in planning
- Say what matters most

"It was more detailed than most conversations I've had"

"...helped the conversation remain on topic"

"We found out the reason why he kept running out of class"

Talking Mats allows adults to:

- Really listen
- Simplify abstract ideas
- Evidence child centred planning
- Be less leading in conversation
- Hand over control

Talking Mats is available in both printed and digital formats.

The majority of our staff are trained in Talking Mats and are happy to support your child with this intervention on a one-to-one basis.

If you have any further questions, please contact
Miss Purdon or Miss Goodbrand.

Teamwork makes the dream work!
