

# At the zoo

**At the zoo, there are many different types of animals.**

Some have 2 legs, some have 4 legs, some have more than 4 legs and some have none at all!

**Can you and your family think of all the zoo animals you like?**

How many legs does each one have?

Try to group them according to the number of legs.

You could draw:

- *A picture*
- *A pictogram*
- *A tally chart*
- *Bar charts or a table.*

Could you think of an animal for each group?  
Which group had the most?

How many more had 4 legs than had no legs?
