

Focus for Learning

Aug-Oct Primary 6

Numeracy and Maths

Our focus for this term is on Rounding, number processes, decimals, fractions and percentages.

The children will be learning to :

- **Round to the nearest ten or hundred**
- **Add, subtract, multiply and divide whole numbers and decimals**
- **Show equivalent fractions, decimals and percentages with a focus on tenths e.g. $1/10 = 10\% = 0.1$**

This will be assessed by a written assessment at the end of the unit and the children will evaluate their progress daily through peer and teacher dialogue.
