

Focus for Learning

April—June 2017 Primary 6

Health and Wellbeing

Our focus for this term is on being included.

We will look at how our behaviours in different social situations may be appropriate or inappropriate and plan and organise an event that involves the enjoyment of eating together.

Physical Education

This term we will be continuing our badminton coaching from David on Wednesdays and also taking part in athletics events including the school sports day, helping supervise the nursery sports day and also attempting some American sports to fit in with our USA topic.
