

Breakfast Service Provision from August 2018

As part of the approved Budget Motion in February 2018, the Council agreed the expansion of breakfast services to all primary schools.

The minimal charge of 20p in existing breakfast services for all users will be replaced with a £1 per day charge for those **not** entitled to free school meals. Pupils who have more than one sibling at the same school, a favourable price structure has been agreed as long as they arrive at the service point at the same time. The till will have 3 breakfast buttons. One child £1, 2 children £1.50 and 3 children £1.80.

There will be no charge for pupils in receipt of free school meals for the breakfast service. Please ensure you have completed a Free School Meals Entitlement Form and sent it on to First Stop Shop, Cumbernauld.

Staff within the Service are currently working to identify the children who as part of the universal P1-3 free school meals are entitled to a free school meal allowance.
