Primary 3-4 Home Learning Activities- January

Literacy	Numeracy	Health and Wellbeing/ Cross Curricular
Read any books brought home. This month we are focusing on fluency and expression. Be a storyteller when reading aloud.	Learn Times Tables- P3: 2, 4, 5, 10 P4, 2, 3, 4, 5, 10 Be confident in automatic recall by saying the tables out loud. Try it both ways e.g. 10 x 0=0 0 x 10= 0 10 x 1 = 10 1 x 10 =10 10 x 2 = 10 2 x 10 = 20 etc. Ask questions such as; 5 whats make 20? How many groups of 2 are in 8?	The Human Body Make a sketch of the skeleton and label some of the bones in the human body. Extension- use materials at home to make a skeleton. Tightly rolled newspaper, straws and pasta are a few examples of resources that can be used.
Stage words will be sent home to learn. If your child is very confident spelling their words aloud and writing them please ask for the next stage words.	Complete the TJ homework booklet return to class once completed.	Log in to Go Noodle an online exercise and meditation site- search for the 'Bones' song and have a dance.
This month we will be looking at Poetry including Scot's Poems. Your child will bring home the words to the song we will be learning for our Burn's Assembly.	Fractions of a number. We will be linking simple fractions to division. Try some examples at home and talk about the link between dividing and fractions. $\frac{1}{4}$ of 12 is the same as 12 divided by 4.	Health focus: Respected Find a job at home that makes it easier with more than one person to complete it. Talk about why different roles are important eg turning a mattress, folding a sheet Put your child's favourite dance music. See if you can copy their moves. Now put on some of your dance music on and see if they can copy you!
