

Diary Example

I have written some diary entry examples for you to help you get started. Write an entry each day either in your homework jotter or on a Word document. You can email me your diary entries on Friday if you like 😊

Date: 30.3.20

Dear Diary,

Today is Monday. I woke up this morning at 8 o'clock and had breakfast. I had toast and it was very tasty. After breakfast it was time to start school. I started by following Joe Wicks doing PE and it was so tiring! Next I played Sumdog and I played against my teacher and I won. I completed other numeracy tasks then moved on to the rest of my school work. After I finished my work I went outside for some fresh air. It was very cold but I had fun climbing the tree in my back garden.

Dear Diary,

Today is Tuesday. This morning I skipped PE because I was too tired but I went for a walk later in the day. I had lots of fun designing an Easter egg for the class competition, I can't wait to see who wins! I made a boat out of tin foil and put it in a bath full of water. It looked amazing because I made it look like a pirate ship. After I did my school work I played board games with my brother. We played Connect 4 and he won which I was not happy about. Tonight for dinner I am having pizza and I am so excited because pizza is my favourite food.
