

2 Number - order and place value

2.5 Number sequences (3)

We are learning to skip count backwards in 20s, 25s and 50s.

Before we start

Nuria's pen has leaked all over her work!
Write the missing numbers.

Number patterns and place value can help us count in 20s, 25s and 50s.

Let's learn

Start at the top and read **down** each ladder.
Talk about what you notice.
Can you continue each pattern down to zero?

140	350	200
120	300	175
100	250	150
80	200	125
60	150	100
