

Thursday 14th May

LITERACY

1. **Punctuation focus** - Open the punctuation focus with today's date and re-write adding the punctuation.

2. **Reading** - Open the Jazz Harper Space Explorer File. We are going to continue with yesterday's reading tasks.

Diamonds and Emeralds - Go to page 9. Re-read the extract from the story. Try questions 6-10. Remember full answers.

Rubies - Go to page 5. Re-read the extract from the story. Try questions 5-8.

Sapphires - Yours starts on page 1. Re-read the extract. Finish questions 5, 6 and 7.

ALL - If you finish your questions, write 4 sentences about the main points in the story.

MATHS

3. **Play Sumdog** - I have set practice work for today.

4. **Group 1** - More practise with Near Doubles today. Try the exercise with today's date (14.05.20). Try to draw the grids and make it nice and neat. Let me know how it goes.

Group 2 - We are going to have more practise of making 1000. Try 'Making the nearest 1000 14.05.20'. This time you have to think what the nearest 1000 is, would you round up or down? 500 and up you round up and below 500 you round down. Then add what you need to make 1000.

TOPIC

5. We are going to look at the sun and the moon today. When you click these links, you will be asked to log on to espresso using these details:

Log in - student17575

Password - lanark75

Watch these videos:

Sun -

https://central.espresso.co.uk/espresso/primary_uk/subject/module/video/item1048846/grade2/module1027260/index.html

Moon -

https://central.espresso.co.uk/espresso/primary_uk/subject/module/video/item1048790/grade2/module1027260/index.html

Choose a few facts that you found interesting, write them down and decorate them with a nice border related to the sun, moon and space! Please share them with me 😊
