Cross Curricular

Complete your own mini science project by finding the answers to the following and writing what you did:

1. How long does water take to turn to ice? (Test it out in your freezer!)
2. How long does snow take to melt? Take snow from outside, bring it inside and time how long it takes.

Just for Fun!

Write your own winter story. Go out into the snow and use your senses for inspiration.

Remember to describe characters and setting using adjectives.

Turn to the next page if you need lined or squared paper to complete your tasks!
