

Strathclyde Park
Outdoor Education Programme
w/b 6th – 10th March 2023

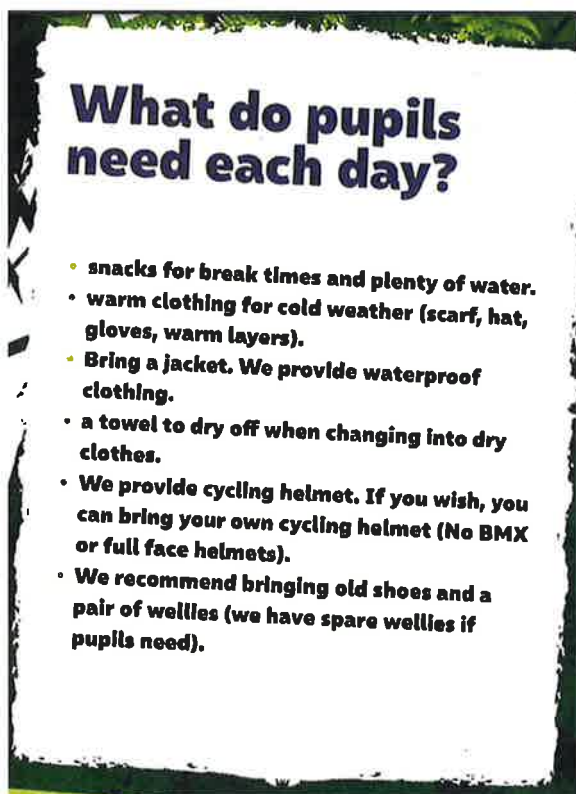

As our outdoor week at Strathclyde Park approaches, I would just like to take this opportunity to give a few final reminders about the upcoming week.

Photos will be posted throughout each day on our school Twitter page as well as the Strathclyde Park Twitter page.

There is a video on the page that will give you a little look into the type of activities the children will experience during the week.

@SP_edprogramme

- snacks for break times and plenty of water.
- warm clothing for cold weather (scarf, hat, gloves, warm layers).
- Bring a jacket. We provide waterproof clothing.
- a towel to dry off when changing into dry clothes.
- We provide cycling helmet. If you wish, you can bring your own cycling helmet (No BMX or full face helmets).
- We recommend bringing old shoes and a pair of wellies (we have spare wellies if pupils need).

- If any child needs to bring a mobile phone into school for afterschool purposes, this **MUST** be handed to Mrs Harkins before we leave. Phones will be kept in a safe place within the school building until we return at 3:00pm.
- There are also no opportunities to buy anything at Strathclyde Park so there is no need for any spending money.

- Please ensure you check weather updates daily throughout the week and ensure your child is dressed accordingly. The children will be outdoors wind, rain or shine!
