

ONLINE LEARNING SUGGESTIONS

Access Grid Club & Oxford Owl through your child's Glow Account.

GridClub is one of the most popular primary school websites in the UK because of its innovative design and fun approach to learning. It is intended to be so motivational for children that they will be happy to play the games at home, even when they know they have educational content. The games and activities in the Learning Centre cover a substantial part of the curriculum requirements for 5 to 12 year olds. GridClub is about fun and at the same time developing some key skills: literacy, numeracy, computer skills, creative skills, citizenship and another languages.

Oxford Owl is an award-winning primary platform developed by Oxford University Press. It is home to fantastic free online teaching, learning and assessment resources, expert support as well as a range of paid-for subscriptions for primary schools. ***Oxford Owl for Home*** provides access to a collection of tablet-friendly eBooks and helpful tips and activities for parents to support children's learning at home.

20 years of free educational games, made by a UK teacher.

Maths Games

English Games

https://www.sumdog.com/user/sign_in

Every child has an individual login for this site and some classes already use it as a regular maths fast finisher activity. Teachers can set specific tasks and assessments through games that are related to classwork. Sumdog adapts to each child's ability so it is important that children use their own login and aren't given any help to solve the problems.

P1-P3

This app can be downloaded for free at the moment. The game starts off covering letters and sounds then builds up to reading full sentences. Children collect rewards along the way and meet lots of little monsters. The games will reinforce the phonics work done in class and consolidate prior learning. These games don't adapt to pupil ability, they get progressively more difficult so some children may find the initial games easy.

newsround

bbc.co.uk/newsround

Daily and weekly child friendly and age appropriate news reports that can be watched, recounted and written about.

GoNoodle

<https://www.gonoodle.com/>

Parents can sign up for a free account. There are lots of short workout and dance videos that get kids moving. The cartoon characters encourage the children through the videos, and they collect points along the way.

<https://www.cosmickids.com/>

This website is filled with Yoga and meditation sessions. Jaime leads children through yoga poses and meditations using a story-based approach. This is a firm favourite in school and can easily be done at home with grownups joining in too!

Doorway Online

<https://www.doorwayonline.org.uk>

Doorway Online is a collection of free and highly accessible educational games that learners will find easy to use independently. Each activity has a range of accessibility and difficulty options. Originally developed with funding from Scottish Borders Council, it is now managed by the Doorway Accessible Software Trust, a Scottish charity.
