

Reading with your child is a special bonding time. It is also a really important activity for your child's language development and their imagination. It helps them to understand other people's feelings as well as their own.

Try to find some quiet time to not only read the story but also to talk about:

- What is happening?
- What is in the pictures?
- What might happen next?
- How the characters are feeling?

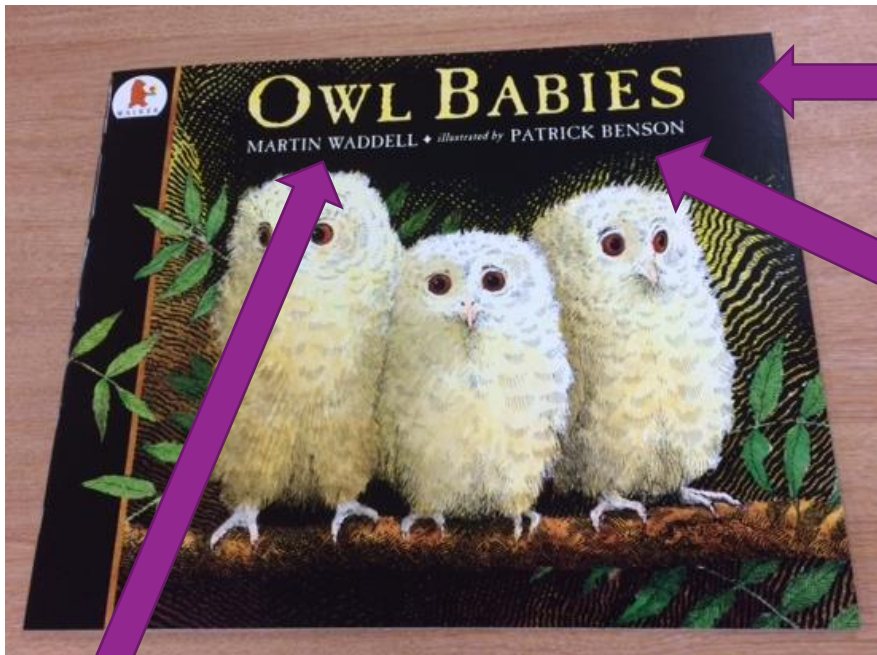

# Let's Look at Books!

## Reading Together

Reading books is fun! Let's look at the different parts of a book.

This is the **front cover**

The **author** who wrote this book is Martin Waddell

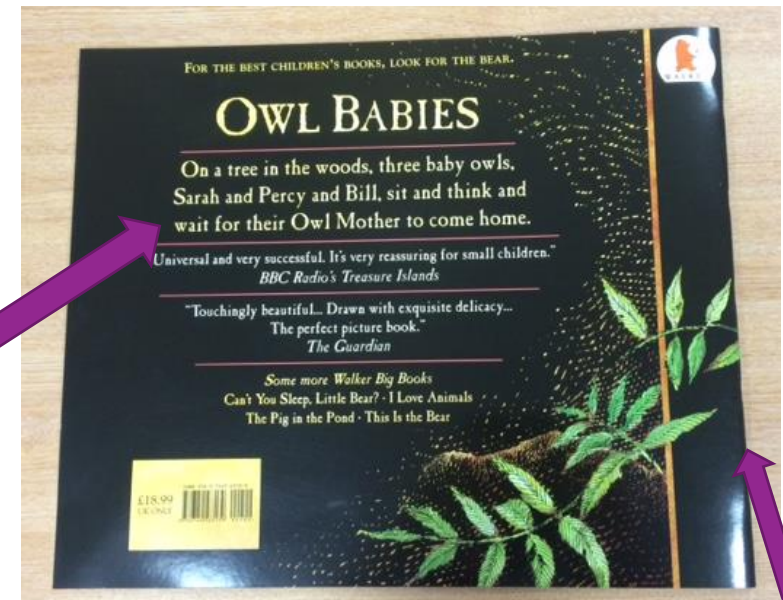

The **blurb** on the back tells us a bit about the story

Can you find these parts in your book?

The **title** of this book is Owl Babies

The **illustrator** who drew the pictures is Patrick Benson

This is the **back cover**

The **spine** at the edge, holds the book together
