Dear Parent/Carer

You child's class gym days have been noted below. As the children benefited from getting outdoors for PE last session, we plan to continue to get them outside as much as possible this year. **All** pupils should wear their **school polo shirt and school jumper** to school along with **shorts or jogging bottoms and trainers** on their gym days. **Only white or red polo shirts and school jumpers should be worn on gym days.** This helps keep all pupils on a more equal footing and reduces the pressure on parents/carers to purchase the latest branded tops. As we hope to keep outdoor gym a normal part of school life throughout the year, pupils should always bring a waterproof jacket or a fleece/coat to school, especially on their gym days.

Your child's teacher will inform you of any changes to the days noted. Changes may occur if we have coaches working with the children, or due to changes in the class timetable.
