

## Microsoft Teams

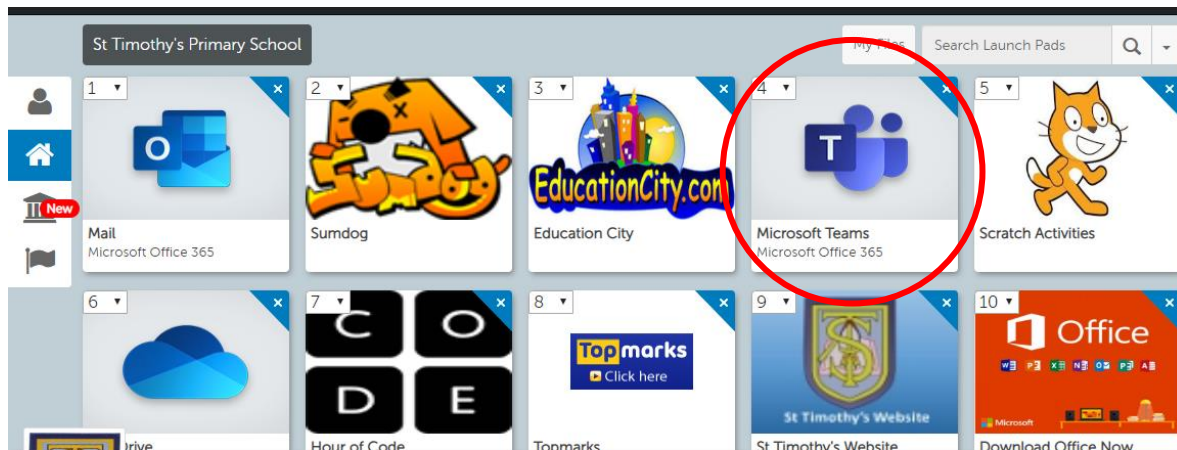

Microsoft Teams is a good way to keep in touch with your teacher and classmates.

Here are some instructions to help you access Microsoft Teams

The first thing you need to do is logon to Glow.

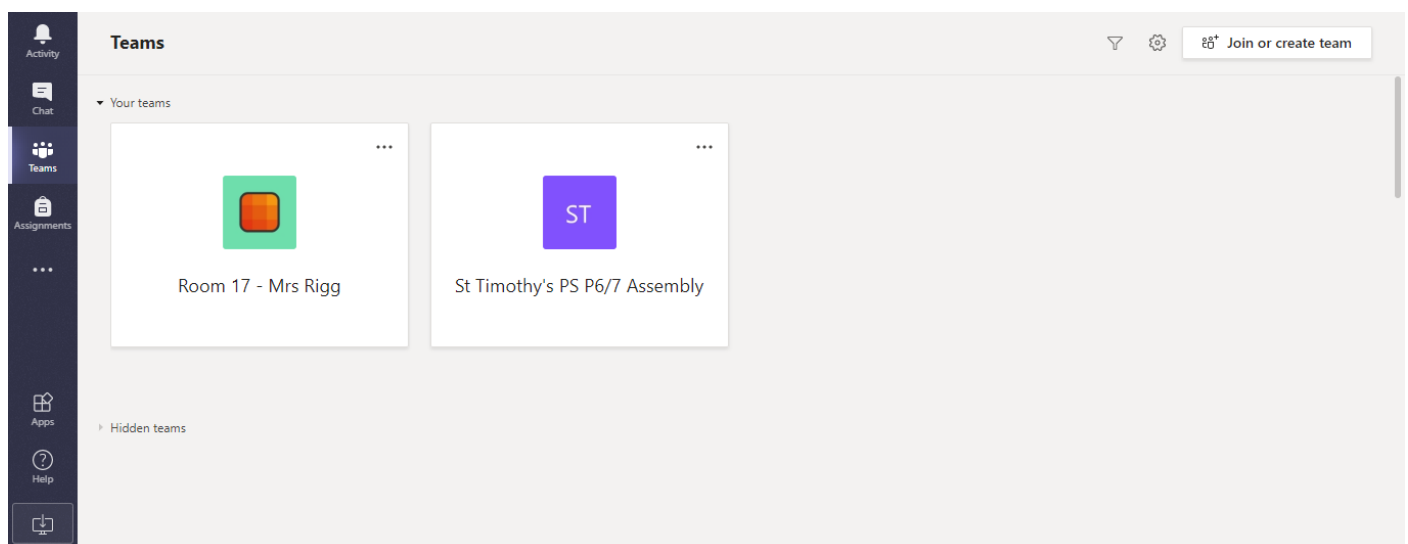

Go to Glow login page <https://t.co/r8ENOdgtOk?amp=1>

From the Launchpad choose Teams

You will then see all Teams you are a member of. This should include your class Team and an Assembly Team.

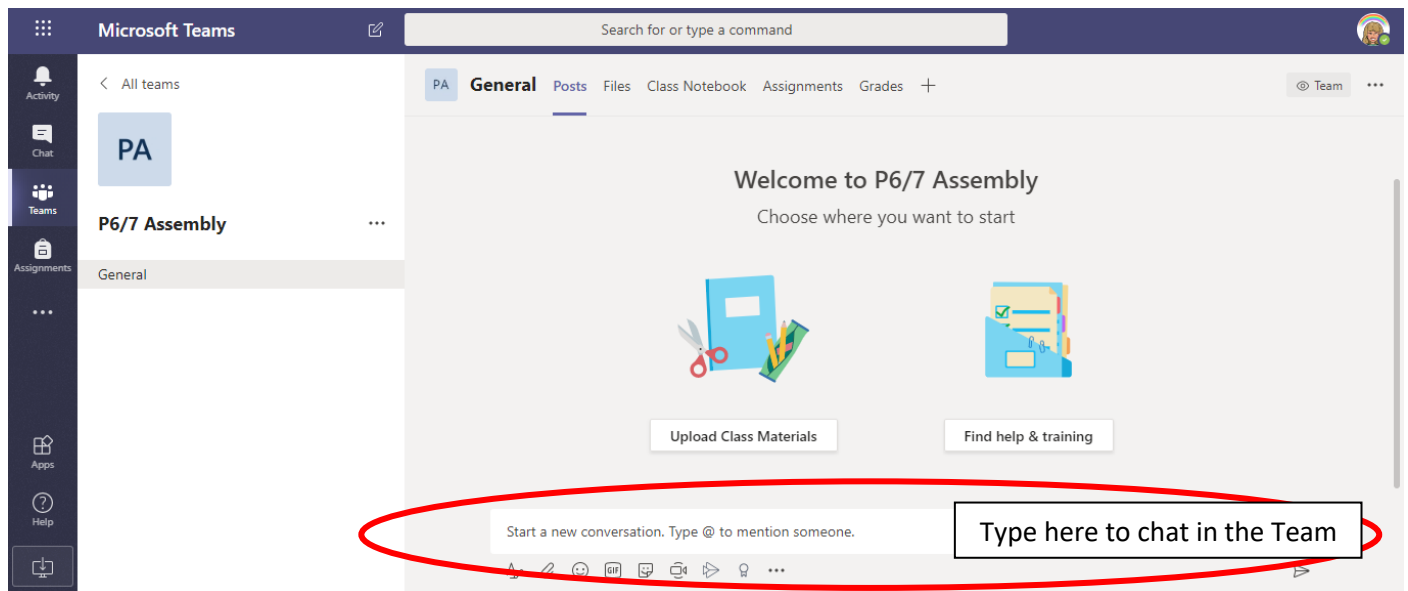

Click on the Team you want to enter.

When you click into a Team you will see a screen like this. In this area you can chat with your Teacher and other Team members. You can also send your work to your teacher in Teams if you would like to.

Please remember to be kind to those in the Team.

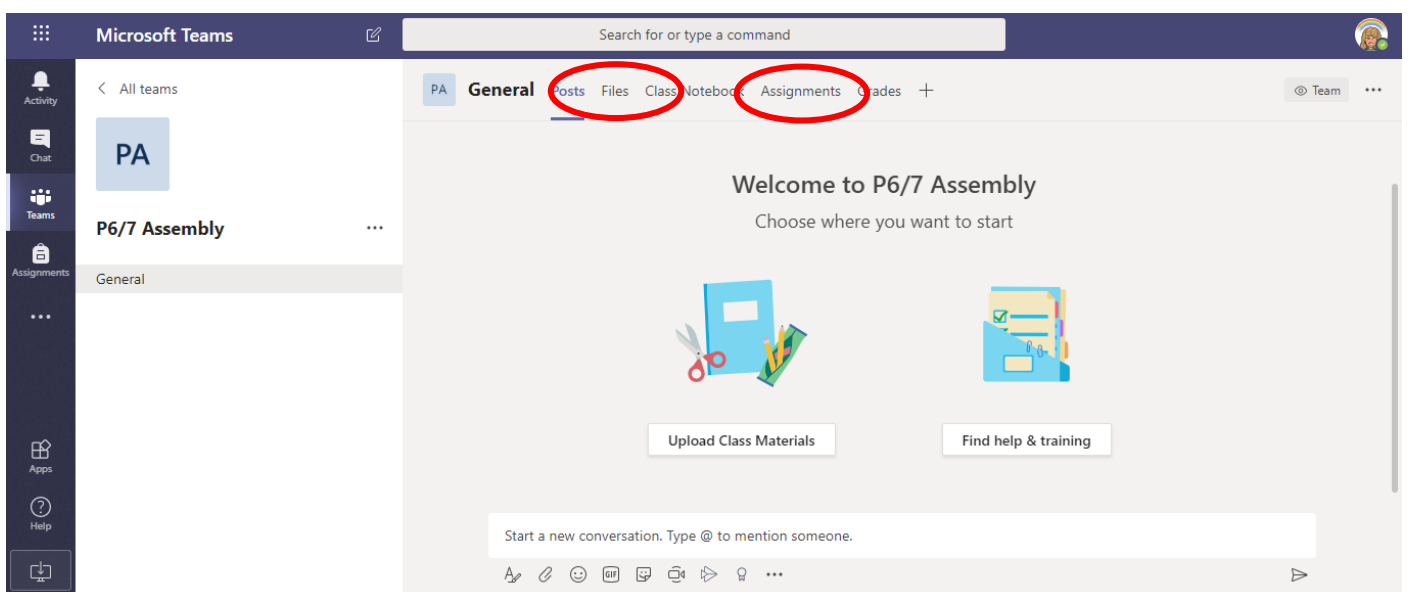

The Team chat may be switched off at some points. If it is, please come back to the chat at another time.

There are other areas of the Teams you might use. These are

- Files
- Assignments

They are found at the top of the screen and your teacher will let you know if he/she would like you to use these areas.
