

St Timothy's

Primary School, Nursery Class and LCSC

15.1.21

Dear Parent,

Thank you for engaging with our on-site provision for learning this week, I hope your child/ren enjoyed themselves and I know they have all worked well.

We will have the same arrangements next week, with the children engaging with the home learning plan for their class.

To try to make the experience as positive as possible for the children, and to engage with the relevant guidance, we are looking again at the bubbles the children are in and reducing the number of bubbles we have given the numbers who are attending. There will be four bubbles next week; P1, P2, P3/P4 and P5/6/7. This will keep the numbers in the bubbles still relatively small but avoid having a situation with only two children together, or every child's nightmare scenario of just them and the teacher!!

The number of children attending varies from day to day so it is hard to say exactly how many we will have in, but as a rough guide, we will have in the low teens in the P1 and P2 bubbles and high single figures to low double figures in the older two bubbles.

Kind regards,

Colin Forbes
