

Tollbrae Primary School Parent Council Newsletter

Parent Council Membership/Support

- We are always looking for additional members to join the Parent Council and have open space available.
- The parent council organise events for the benefit of the children and fundraise for the school.
- We are also the link between the parents and the school to ensure the right things are being looked at and share any particular concerns.
- However, we know this isn't for everyone and there is no need to join the parent council to be able to support our children, if you can help out at events please let us know.

What are we fundraising for?

- We are looking to raise money to support the school buy play equipment for the playground and cover the cost of buses for trips. Both of these are pretty expensive.

Parking Issues

- It has been raised to us that parking outside of the school exits has been getting worse in recent months.
- This is probably down to the weather and people wanting to be close to the school to avoid children getting wet.
- This does have an impact on other people who walk with their children as people are parking on the pavement.
- This is dangerous and inconsiderate of other people.
- If you do need to pick your children up can you be aware of the impact on other people and try to avoid parking on the pavement.
- Look for other places to park – given the width of the street we encourage people to park on Lady Wilson Street.
- We will be reviewing this with the school over the coming months.
