

# Whitelees PS Parent Council

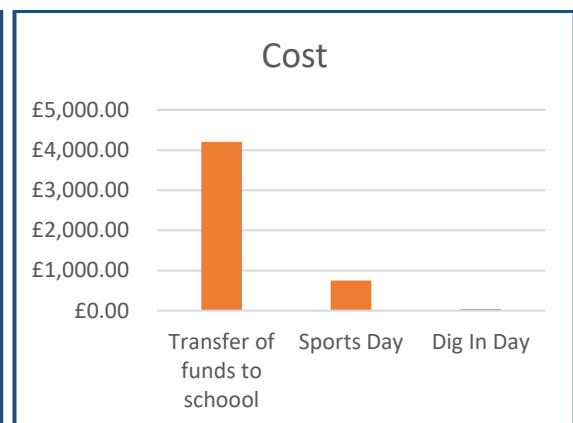

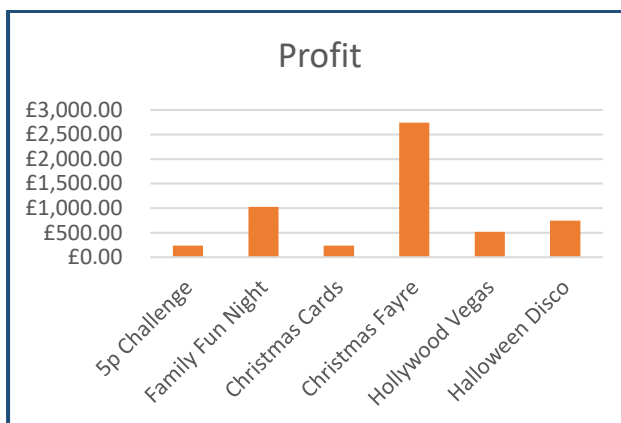

Various activities held throughout the school year to generate income for school funds. An agreement made to fund the buses for school trips and support a Mindfulness programme for the whole school body. The target remained as £5000 to raise during the year.

8	Sports Day	–£750.00	Ice cream van and climbing wall
9	Transfer of funds to a school	–£4200.00	Buses, mindfulness training

1	The main area in generating funds for the school still remains the Christmas Fayre. The PC support is pivotal in generating the funds with the raffle being the biggest revenue producer. Work has already commenced on obtaining prizes.
2	The school discos are an important Social and Wellbeing activity to allow the children to socialise outside of the formal school setting with their peers and they are empowered to spend their own money on fun pocket money toys. The availability of funded/free activities has grown with the inclusion of free stalls, prizes etc. The children decided on their own theme for the February disco with the children voting on a Hollywood/Vegas themed event.
3	Family Fun Night hosed in Spring with an Easter theme. The event was a sell out with a lot of activity on Social Media with people trying to get tickets. Well attended community, family event with attendees of all ages.
4	The bottle challenge held in June with a prize of a class party for the winning class. Majority of the funds raised by the infants with little being raised in the senior side of the school. Minimal effort from the PC with the winners wanting a fiull infant party which was very well received.
5	The cost of the stock purchased for Dig In Day was covered by the profit made on ??
6	In addition to paying for the ice cream van at Sports Day the PC also funded the climbing wall which provide to be extremely popular with the children. With the majority of children trying this for the very first time and overcoming fears.
