

Previous Projects

Last year the Community Council were responsible for raising money to help fund the wonderful work of Strathcarron Hospice through our participation in the Snowdrop Appeal.

We also created the 'Whitelees Smile Stones' which were placed within our local area. The stones were carefully decorated with kind messages and quotes before they were distributed. It was our hope that anyone who came across one of our Smile Stones would feel happy after reading the kind words and that they would be encouraged to spread the message by placing the stone elsewhere in Abronhill.

How Can You Support Us?

One of the main ways in which you could help support our Community Group would be to inform us of any community projects or events within the Abronhill area. We are excited about all of the relationships we can help forge but we cannot do this without support.

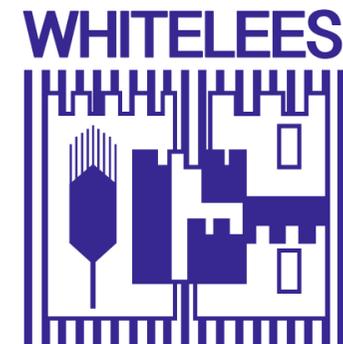

You can also help to promote our council group through social media. If you find one of our smile stones please remember to take a picture of the stone and tag @WhiteleesPS on twitter. This will help spread our message and make others aware of what we are trying to achieve.

Our Plans For The Year

One of our biggest aims for the coming academic year is to make others aware of the fantastic work that takes place within our school. As a group we intend to create a newsletter that will highlight upcoming school events and be distributed out to other groups, encouraging our local community to become involved in our school life.

In addition to this we hope to continue with our fundraising efforts for Strathcarron Hospice, selling snowdrops as part of their annual appeal, along with participating in other fundraising events to raise money for their worthwhile cause.

We have also identified other groups within the Abronhill area who would benefit from fundraising and we intend to help as best we can.

As well as our library visit we hope to meet with other community groups, building on the networks already present within the school and establishing others. The children within the group want to generate a bigger Whitelees Primary presence at community events such as church fayres, gala days and regeneration events.

It is our wish to invite members of other community groups along to Whitelees events, such as school shows, Christmas fayres and open afternoons to showcase the hard work of our pupils.

What We Hope To Achieve

This year the Community Council has big plans. Together we have identified different groups within the Abronhill locality that we hope to either strengthen our current, or form new, relationships with.

At the end of November we have been invited along to Abronhill library, where we hope to learn more about our local area. This knowledge will help inform our next steps as this will allow us to form a better picture of our community and how it has developed over the years.

Who Are We?

The Community Council at Whitelees Primary School are a group of children who are interested in promoting positive links between the school and the wider community within Abronhill.

Our Visions and Values

We are aware that it takes “a village to raise a child” and we understand the important role that our local community plays in our upbringing. We want to make Whitelees Primary known within the community and we want to let other people know that we are a welcoming and friendly school.

Motto

‘Helping people, places and projects’
