

Previous Projects

Last year the Inclusion Council were responsible for setting up the Playground Squad. This year we will develop this scheme further. We will ensure everyone is fulfilling their duties. The children are keen to promote positive relationships within our playground by starting playground games.

At the end of last session we reviewed our work throughout the year. From this review the council identified targets for this year. These were:

- To make the Playground Squad more recognisable in the playground.
- To follow the weekly Squad Rota.
- To learn a wider variety of team games which they can lead.

Inclusion Council 2019-20

“It will be good to make sure nobody is left out.”

James P7

“Our council is great for discussing kindness and ways that we can show it is good to include.”

Kady Anne P7

“Our council is really good because it helps people find new friends, which means people are included.”

Nathan P5

“Everyone in our council is inclusive and we help others”

Jamie P6

“We help people have more fun together”

David P6

“We are all helpful”

Louie P5

Our Plans For The Year

Our main focus as the Inclusion Council, is to make our playground a more inclusive environment for staff and children. We are working on this through the development of our playground squad.

Playground Squad

The children have decided to create a playground squad rota which sees every member of the council taking on this responsibility. When a child is on the Playground Squad duty they will undertake the following duties.

- Checking the buddy bench
- Initiating playground games
- Making sure no one is left alone.
- Helping staff members
- Ensuring our playground is a fun and happy place to be.

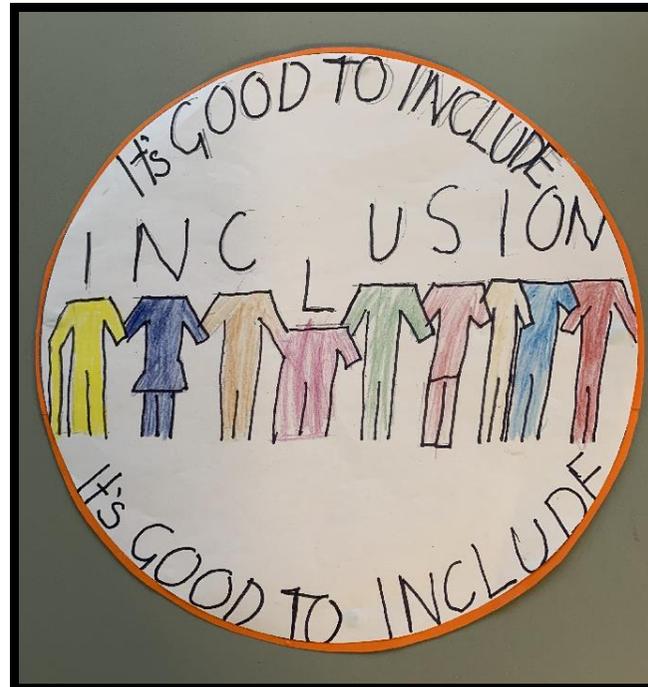

Special Funding

The Inclusion Council have been honoured this year to have been selected by Mrs Hunter to receive a special fund which Mrs Oliver gave to the school. During our monthly meetings we will be identifying how this could be spent to help improve our playground.

What We Hope To Achieve

Our targets for this year are:

- To implement and run the playground squad.
- To promote an inclusive and tolerant environment within our school and playground.

Who Are We?

The Inclusion Council at Whitelees Primary School are a group of children who are interested in promoting an inclusive and equal ethos in the school and in the playground.

Our Visions and Values

The Inclusion Council envisage a school where everyone is respected and celebrated for their individuality. As a council member we will strive to create a kindness domino effect by being:

- Caring
- Respectful
- Helpful
- Friendly
- Inclusive

Motto

****It's Good To Include!****
