

# Primary 2

## Termly Newsletter January-March

I hope everyone had a lovely Christmas and New Year. Primary 2 have enjoyed their first week back and have settled into routine after their break. They have enjoyed seeing their friends. We cannot believe we are half way through the year already!

### Literacy

For Reading this term the focus will be on understanding our text. Some activities we will explore include answering a range of different questions and discussing the main events of our book.

We will also continue to develop fluency and add expression to our reading. Please continue to read for enjoyment at home and practise your child's wordlist to help with this.

Our Writing genre this term is Persuasive. We will create writing and posters to persuade our readers using a variety of different topics.

### Numeracy

This term our Number focus will be multiplication and division. We will look at how to group and share numbers using concrete materials and pictorial representations.

In Maths we will be continuing with Measure. We are focusing on length just now and working hard to measure in metres. We will then move on to measuring weight and volume.

We are still working hard to develop our number fluency with daily 5-10 minute Number Talks.

### Health and Wellbeing

This term we will develop our skills through Dance, Athletics and Football. This will enable us to work on coordination, fitness and rhythm and also develop our teamwork, movement and decision making skills.

#### SHANARRI Indicator Focus

Each month we have a different focus:

January is Active

February is Respected

March is Responsible

### IDL

This Term Our class topic will focus on our local area; Cumbernauld. We will explore different areas, landmarks, shops and services within Cumbernauld.

We will complete different written, digital and active activities to help us with our learning.

### Play and Outdoor Learning

Children will continue to participate in outdoor learning sessions during PE, Maths and IDL.

The children enjoy opportunities to play during our weekly purposeful play session on a Wednesday. We continue to plan structured play through Maths and Literacy and free play within the class. This allows the children to collaborate and practise turn taking and listening to others.

PE days  
Monday- Indoor  
Thursday - Outdoor
