School/Teacher Guide for NL Virtual Classroom

A change to accessing North Lanarkshire's Virtual Classroom!

The Virtual Classroom has been so popular we are changing how you and your pupils access the classroom. Access to the NL Virtual Classrooms is now through your **Glow Launchpad** and not through Teams. When children login to the Glow Launch Pad they can click on the newly created NL Virtual Classrooms App and with one click go straight to their classroom.

There is no change to the format of the virtual classrooms only how you access them for the learning and teaching experiences. The navigation around the virtual classrooms remains the same.

Thank you for your great support in promoting and using the NL Virtual Classroom.

Please find below a guide for the NL Virtual Classroom which reflects the change to access.

School/Teacher Guide for NL Virtual Classrooms

NL Virtual Classrooms Glow Access

Access to the NL Virtual Classrooms is through Glow Launch Pad.

It is recommended not to use Internet Explorer browser.

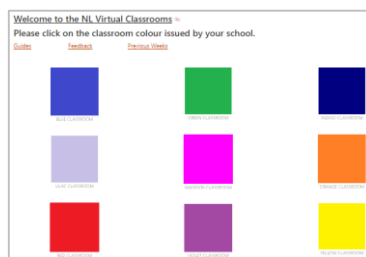

After logging into Glow click on the North Lanarkshire Council Launch Pad and click on the NL Virtual Classrooms App. Clicking on the icon opposite will take you straight to the NL Virtual Classrooms.

NL Virtual Classrooms Glow Layout

The Virtual Classrooms App has colour coded tiles which link to the current Weekly Interactive Classrooms for each stage. The colours enable Schools to discretely direct children to appropriate learning. The table below provides the link between Stage and Colour Tile.

Children can access the Virtual Classrooms via their Glow login, no admin is required, however the appropriate colour classroom needs to be given to the children. This can be differentiated by numeracy and literacy by providing an appropriate colour for each.

Tile Colour	Primary/Stage	CfE
Red	Primary 1	Early***
Orange	Primary 2	First*
Yellow	Primary 3	First**
Green	Primary 4	First***
Blue	Primary 5	Second*
Indigo	Primary 6	Second**
Violet	Primary 7	Second***

Weekly Interactive Classrooms

The Interactive Classrooms include learning and experiences for Literacy, Numeracy, Health and Wellbeing and STEM.

These are accessed by clicking on the icons shown within the Interactive Classroom. You may need to select open browser for all links to work.

This is a universal offering. Learning which aligns to individual classroom learning will be provided by schools, for example Spelling.

Availability and Access to NL Virtual Classrooms SharePoint

By clicking the Previous Week link on the App everyone has view access to the SharePoint. Here you can view all Weekly Interactive Classrooms by colour. This will include previous week's classrooms and resources.

An overview of the following week's Classroom content will be published in the Digital School Sharepoint on the Monday prior. The associated classroom and resources will be uploaded in advance thereafter when available.
