IT'S ALL ABOUT THE EXPERIENCE!

We want our children and young people to fully appreciate the world around them. To look up and appreciate a blue sky, dark cloud or the falling rain. We live in a beautiful part of Scotland but many of us are not even aware of the wealth of woodland, plants and wildlife just outside our own door.

North Lanarkshire Council Outdoor Team are delighted to offer your school a five-day-activity programme, full of exciting adventure experiences.

All the bespoke programmes provide pupils with opportunities to participate in challenging activities that encourage them to become healthy, resilient, confident and responsible people.

Participating in outdoor activities also improves the health and wellbeing of young people and encourages them to work as a team, learn new skills and really feel part of the action in an outdoor setting.

School trips will be over a five-day programme and the achievements of all pupils participating will be recognised and celebrated throughout the week.

Visit @SP_edprogramme twitter page to see highlights from previous schools that have attended the programme.

Strathclyde Park Programme
